

EUROPE UNDER WAR CLOUDS

OMAHA, Neb., March 8.—In yesterday's dispatch, the writer showed how both the Republican and Democratic parties were used as the instrument of revolt in Nebraska. Senator Hitchcock, conservative, was naturally renominated by the Democrats, and his record, and that of his party became the issue.

On the Republican side the chief candidate for the nomination was R. B. Howell, radical Republican, now senator.

Howell, an Annapolis graduate and former naval officer, a civil engineer by profession, but also for some time engaged in the insurance business, had been for twenty years Nebraska's leading advocate of municipal ownership. In 1912, under his leadership, Omaha took over its water works, and Howell, as executive officer of the Public Utilities board, became general manager of the plant. In 1913, with his approval on principle, but against his protest on price, it took over the gas works, and he also managed that. As an incidental utility, the city also manufactures ice, under his management. He has also urged a municipal electric light plant. In this he has not yet succeeded, but his agitation is credited with at least part of the reduction of Omaha lighting rates from a basis of 11 cents to one of 5 cents per kilowatt hour.

Howell had four opponents for the nomination—only two of them serious—Congressman A. W. Jeffries, old guard Republican, and Attorney-General Clarence A. Davis, an extreme "dry," with a good record in getting after "blue sky" swindlers. Howell got predominantly the progressive vote, and was nominated by less than the combined vote of his opponents, but by considerably more than either of them separately.

The campaign, curiously, began as a sort of chautauqua stunt. Howell talked mostly about radio, which he had recently been investigating in Europe, and Hitchcock about an international banking scheme which he had sponsored. There were no issues in these subjects, but it was a way of getting acquainted and the people seemed to like it.

After the lines were drawn, however, the issues became sharp on the Beach-Cummings bill, the Federal Reserve deflation, ship subsidy and the cancellation of foreign debts. Hitchcock lost with both wets and dries by a declaration of absolutely correct policy. He said that he had opposed prohibition and still disbelieved in it, but that it was the law and there was no prospect of changing it. He therefore favored its strict enforcement, and if elected would vote against any substantial modification of the Volstead act.

The Irish vote was turned against him on a report that he had once referred to a resolution for American recognition of the Irish Republic as a "foke." The Germans were against him on the war; the other foreign voters resented his new attitude on prohibition, and the farmers were against him on national issues and on general dissatisfaction he was consequently defeated by the unprecedented majority of 72,085 votes.

Now comes Senator Howell, a new sort of radical, into the United States Senate.

He is a Republican, but an independent one, and of rather non-co-operative temperament. His history has been connected with the municipal and industrial, rather than with the agrarian movement. He was a Roosevelt progressive, and is regarded by many as a progressive rather than a radical. He is an educated, successful gentleman, and will not have the rasping aggressiveness and crudeness of Brookhart. He has run his municipal utilities on business principles, and with great success. However, he does have some background of rather radical larger political ideas.

He is, for instance, opposed to the public ownership of the railroads generally, but he believes in "restoring competition" among them. He would have regulating bodies fix only maximum, and not minimum rates, to encourage railroads to cut rates on each other. Then he would have the government build or purchase a few competing lines, and "operate them for blood," to squeeze the water out of the others. He is a man of very good, though not brilliant ability, and a hard and patient worker, a close student and a practically successful executive. Altogether, he is a man of real quality, and one with whom the senate and nation must reckon.

The situation in the Nebraska governorship presents some interesting pictures. The new governor is Charles Bryan, brother of the famous W. J. In tomorrow's dispatch, the writer will offer some facts concerning him, and his significance in the present political situation in Nebraska.

SET HEARING DATE
NEW YORK, March 8.—Hearing dates in the investigation of the proposed consolidation of railways throughout the country were set today by the Interstate Commerce Commission. The commissioners will open their Western tour at St. Paul, March 19, and their hearings will be held as follows:
Seattle, March 26; Portland, Ore., March 28; San Francisco, March 31; Los Angeles, April 7; Salt Lake City, April 11; Denver, April 16; Fort Worth, Texas, April 23; Kansas City, Mo., April 26, and St. Louis, April 30.

Visel, M'Phee, Tubbs in Contest

POLITICAL CAULDRON SEETHES

Former Mayor In Race to Represent First Ward On Council

COUNTY SEALER OUT FOR TRUSTEE POST

Announcement from Mitchell As to Intentions Still Withheld

With the final date for filing nomination petitions nearing, the municipal political pot today broke from a simmer to a boiling stage, with bubbles definitely disclosing that at least three men, who were members of the city council for the four-year term prior to the time that the present board took office, will again seek positions as councilmen.

A. J. Visel, who was mayor for four years, is to become a candidate from the first ward. Mayor John G. Mitchell defeated him four years ago. Mitchell has not disclosed whether he will contest for the position as first ward representative.

George McPhee, sealer of weights and measures and representative of the fourth ward in the council of four years ago, today came out an avowed candidate to succeed H. H. Dale on the council. Dale won over McPhee at the election four years ago.

Tubbs To Run
J. W. Tubbs, who has represented the second ward for the past eight years, will ask for a return for another four years. It is known that Tubbs does not particularly seek re-election, but friends have insisted on his remaining with the council. They point out that he has been actively identified with the development of the joint outfall sewer program, and express the belief that he should be retained on the board.

Visel, McPhee and Tubbs were members of the council of four years ago. Nominating petitions for these men had not been filed up to an early hour this afternoon. Friends of Visel took out his petition yesterday. It has been circulated, it is said, but had not been filed.

Crasher Candidate?
In the belief that he was a resident of the first ward, L. Crasher has been giving some consideration to the solicitation of friends that he become a candidate for the council.

It was revealed to Crasher today that he is a resident of the fourth ward. He was non-committal as to whether he would enter the race against McPhee. He said, however, that he was giving the matter consideration and that his hat might be thrown in the ring before the final day for filing nominations.

According to E. L. Vegely, city clerk, no nominating petitions had been filed with him today up to noon, and no blanks had been taken out since a friend of Visel yesterday applied for and received a petition.

British Refuse to Withdraw Charges Against U. S. Envoys

LONDON, March 8.—Great Britain cannot accede to the demand of the United States that the charges against the former consul and vice consul at Newcastle, of influencing trade in favor of American ships be withdrawn, Under-Secretary McNeill stated in the House of Commons last night.

McNeill, replying to Adams, a Labor member from Newcastle, who drew attention to the act of the United States in closing the consulate there, admitted the British charges were unsubstantiated, but that the government believed them justified.

Accusations Against the American Consular Officers at Newcastle-On-Tyne Resulted in the American Government Ordering the Consulate Closed.

GOLF BRINGS WIDE SMILES FOR HARDING

Presidential Stops at Florida Resort for Brief Visit with 'First Lady's' Brother.

ROCK LEDGE, Fla., March 8.—President Harding's vacation smile broadens daily as his golf game grows better and better.

The unwritten law that forbids discussion of technical details of a president's game and score cannot hide the fact that Mr. Harding seems to have a perpetual smile, while General "Hell and Maria" Dawes, his golf partners, is also extremely pleased. Their opponents, E. B. McLean and Edward Lasker are believed to be trailing badly.

The president planned to stop here today as Rock Ledge is the home of Mrs. Harding's brother. Also there is a golf course here and another nearby, at Cocoa.

SHOW INCREASE IN PRICE OF FARM CROPS

(By United Press Leased Wire)
WASHINGTON, March 8.—The department of agriculture today estimated the amount of corn, wheat, oats and barley on farms on March 1 from the 1922 crop and the price on March 1 as follows:

Corn on March 1, totalled approximately 1,087,412,000 bushels or 37.6 per cent of the 1922 crop compared with 1,306,559,000 bushels or 42.5 per cent of the 1921 crop on farms March 1, 1922.

The corn price this March 1 was 74.3 cents per bushel compared with 54.8 cents last March 1, and an average of 54.18 from 1916 to 1920.

Wheat 153,134,000 bushels or 17.9 per cent of the 1922 crop compared with 134,253,000 bushels or 16.5 per cent of the 1921 crop on farms March 1, 1922.

The wheat price this March was 105.1 cents compared with 119.6 cents last March and an average of 180.9 cents for 1916-20 period.

Oats 421,511,000 bushels or 34.7 per cent of the 1922 crop compared with 411,934,000 bushels or 38.2 per cent of the 1921 crops on farms March 1, 1922.

The price was 43.1 cents compared with 36.6 cents last March and an average of 66.6 cents for the 1916-20 period.

Barley 43,592,000 bushels or 23.4 per cent compared with 42,249,000 bushels or 27.1 per cent of the 1921 crop on farms March 1, 1922.

The price of barley this March was 57.4 cents compared with 49.6 cents last March and 106.5 cents for the 1916-20 period.

Last day for registration of voters tomorrow.

E. L. Vegely, city clerk, today emphasized his announcement that Friday, March 9, was the last day on which Santa Ana citizens could register in order to vote at the coming election.

"Only those," he explained, "who have not registered since January, 1922, or who have moved to another precinct since that time, need to register."

SEIZE RUM SHIP AFTER BATTLE

THIRD JUDGE BILL WINS APPROVAL

Expect Governor to Name New Jurist for County By August 15

With the approval of the state senate finance committee of a bill providing for a third superior judge for Orange County, it was believed here today that by August 15 the new department would be created and a judge named by Governor Friend W. Richardson to preside over it.

The judge to be appointed by the Governor will be for the remainder of a two-year period, as the position will be open for election procedure in 1924.

Attorneys and others interested in the courts today were conjecturing as to who would receive the appointment.

Ever since the probability of the establishment of a new department was put forward, attorneys have considered the likelihood that L. A. West, former district attorney, would seek appointment as judge.

"The time has not come for me to reach a decision," said Attorney West. "I am not sure that I could afford to give up by practice even should the appointment be offered me, which it has not."

It was learned today that Attorney Frank C. Drumm, of Orange, might be a candidate for appointment. Drumm could not be reached on the telephone to determine whether he would seek the appointment.

REPORT HAYS READY TO QUIT MOVIE JOB

LOS ANGELES, March 8.—Will H. Hays, movie head, does not intend to continue his work as "fixer" for the industry after his present contract expires, it was reported today.

It is also reported that Hays will probably either ask his release, or a leave of absence during the spring and summer of 1924 in order that he may re-enter politics, and aid in the national Republican campaign.

Hays contract with the group known as the Motion Picture Producers and Exhibitors of America was for three years at a salary of \$150,000 a year. It still has approximately two years to run.

It has been freely reported in the film colony for some time that Hays was "sick of his job" and especially of the fact that he has been made the object of vigorous attacks directed at the industry.

NEW YORK, March 8.—Asked regarding a report from Los Angeles that he intended to re-enter politics, Will H. Hays today replied emphatically:

"Most certainly not!"

'ANNABELLE' PLAY TRY-OUTS PLANNED

A large attendance is expected, it was stated today, at the junior high school here tonight at 7:30 o'clock, when try-outs for "Goodness Gracious Annabelle," which the Santa Ana Community Players' association will present here soon, will be held.

It was again emphasized that membership in the association is not necessary to entitle one to participate in the tests.

SACRAMENTO, March 8.—In a circular headed "Economy and Efficiency," made public today, Adjutant-General J. J. Borree has asked the various units of the California National Guard to exercise the utmost care in the expenditure of funds allotted by Governor Richardson for their use. "Only by the most careful consideration, by strict economy and judicious use of the allowance provided by law can the desired results be obtained," the circular says.

Free State Soldiers Drive Rebels For Mountain Fort

DUBLIN, March 8.—The heaviest fighting since last summer is proceeding in the Kerry mountains, where Free State troops have ousted four hundred insurgents from a fortified height.

Many are reported to have been killed in extended guerrilla warfare through the hills. The Free State drive is believed to be part of the campaign to finally disintegrate rebel bands in the south, begun when the government's amnesty offer was rejected.

The murder of Detective Kelly, a mob at the customs office here yesterday aroused intense bitterness against the De Valeraites.

POLICE SAVE TWO IN PACT TO END LIVES

Pulmotors Revive Couple Found In Gas Filled Room; Notes Reveal Death Plot.

LOS ANGELES, March 8.—An attempt to carry out a double suicide pact by a man and woman was frustrated this morning when police found Mrs. Mira Lee and William H. Talbot in a gas-filled apartment house room. The couple were revived with pulmotors.

"God forgive me, but life is so tangled. Love is greater than life," was the end of a note written by Mrs. Lee, while Talbot left a note for a relative asking that his boy, Billy, be taken care of and given his father's watch.

Talbot was a widower caring for a small son. He had been depressed recently because of business worries. Mrs. Lee is separated from her husband.

SENATE SPEEDS UP ACTION ON STATE BILLS

SACRAMENTO, March 8.—Six bills were passed by the senate, meeting in a short session today.

Practically the only discussion of the session was aroused over Senator McDonald's bill amending the penal code. The measure provides that persons convicted of felonies who, released on parole, violate none of the terms of the parole after ten years, shall be deemed to have served the unexpired portions of their sentences and shall be released from the conditions of the parole. The measure carried following a short debate.

Another senate measure approved gives superintendents of state hospitals authority to expend patients' personal funds for their benefit when requested.

For Public Trustee.

Assemblyman Lyons introduced his bill for the appointment of a public trustee in each county to handle trust deeds.

A public hearing on reapportionment in the assembly chamber Thursday, March 15, was announced.

The assembly committee on elections reported favorably the bill making optional in counties the use of voting machines, also the measure increasing compensation of election officers from \$10 to \$15 per day.

Robert Sproul, comptroller of the University of California, conferred with Governor Richardson today, presumably on the plan to establish a third year course at the southern branch. Sproul declined to comment on the details of the conference.

Efforts to get separate budget meetings under way yesterday met with little success. Mrs. Nellie B. Pierce, member of the board of control, which framed the document, declared her inability to appear before the senate and assembly committees individually for questioning and requested the joint series of considerations.

Hold Budget Meeting.

The senate finance committee held its first budget meeting yesterday and voted to request the presence of department and institution heads and chiefs of Sacramento.

Deputy Sheriff Fails To Find Trace of Hammer Girl In S. F.

LOS ANGELES, March 8.—Frank Dewar, deputy sheriff, returned today from San Francisco where he was engaged in running down a clue as to the whereabouts of Clara Phillips, escaped hammer murderess.

"The stories published about raids on roadhouses and underworld are the bunk," said Dewar in connection with reports that a girl named "Clara" had been traced to a roadhouse twenty miles from San Francisco by newspaper correspondents.

Dewar was not successful in his attempt to locate the two supposed ship's officers who were claimed to have seen Clara board a lumber schooner at San Pedro, bound for San Francisco, some time ago.

One of the men was found to be somewhere between Singapore and Papagayo, and Dewar gave it as his opinion that Clara was about equally as far away.

JURY CALLS WITNESSES TO SLAYING

Bastrop Investigation Nears Climax as Probers to Hear Testimony on Alleged Outrage.

BASTROP, La., March 8.—The climax of the new investigation of mob rule in Morehouse Parish was reached today when witnesses were summoned to give the special grand jury details of the torture-murders of Watt Daniel and Thomas F. Richards, victims of masked bands.

Stories of merciless floggings, deportations and other outbursts have been heard by the investigators who are now ready to take evidence regarding the sensational act which spurred state and federal authorities to probe the reign of terror in the community.

An extensive list of witnesses were called to give the grand jury details today of the kidnapping and torture of Daniel and Richards whose mutilated bodies were found in Lake La Fourche months after they disappeared.

ESPEE BEGINS WORK ON BIG MEXICO JOB

(By United Press Leased Wire)
NOGALLES, Ariz., March 8.—President Oregon was the central figure in a ceremonial inaugurating the construction of one hundred miles of railway connecting Guadalajara, Southern Pacific terminus in Mexico, and the city of Tepic, capital of the state of Nayarit, according to advices received here today.

The new link affords an important step in the progress of the Southern Pacific line, giving the company a through line from San Francisco to Guadalajara, a distance of more than 3,000 miles.

It is the intention of the company to eventually extend the line from Guadalajara to Mexico City. In the meantime arrangements will be made with the Mexican National railway for connection at Guadalajara, thus making it possible for passengers to obtain direct transportation from San Francisco through to Mexico City.

This new construction is in accordance with a contract executed last week at Mexico City between President Oregon and President S. B. Titcomb of the Southern Pacific. The contract stipulates the restoration of lapsed concessions, caused by the revolution, and the payment of 32,000,000 pesos for damages to property through insurrection and revolutionary activities, the money to be devoted to construction.

The move will not only help to restore amicable relations with the Southern republic in the opinion of observers, but will add many advantages to California and Arizona as well.

Miss Vest was arrested in Los Angeles with Reggie Barre, who is also charged with contributing to the delinquency of a minor. When she was arrested, she stated that she was over 18 years of age, but yesterday she gave her age as 16.

CHICKEN PROTECTION AIM AT COSTA MESA

"Shall we organize a poultry protective association?" Sam Jernigan, sheriff, will give a little inside dope on the question at the Costa Mesa farm center meeting tomorrow night. The question was not proposed by Sam, but on the contrary he was called into council on the matter. Each morning Costa Mesa poultrymen have been taking a census of their flocks and nearly every morning have been finding the number greatly reduced. Poultry thieves are on a rampage, declare Costa Mesans. So Sheriff Jernigan has been asked to visit Costa Mesa and give a little advice on poultry protection.

GIRL BOUND OVER IN CONTRIBUTING CASE
Virginia McCarter Veat, 16, arrested recently on charges of contributing to the delinquency of a 15-year-old girl, was being held in the county jail today awaiting arraignment before Juvenile Judge R. V. Williams.

POWERSON VERGE OF CONFLICT

Russia Spending Millions for Arms to Halt Revolution Plot

TURKS URGE HOLY WAR WITH BRITISH

Old World In State of Turmoil as Nations Plan Spring Drives

(By United Press Leased Wire)
LONDON, March 8.—Russia to order millions of arms from Sweden, Germany and Czechoslovakia, as a rebel movement in which two divisions of Don Cossacks joined, gained ground in fighting near Kieff, according to reports from Copenhagen and Helsingfors.

Three million rifles, 125,000 machine guns and forty airplanes are reported to have been ordered as the red army prepares for a possible spring drive or revolution. A rebel movement in the Donetz took Wasilko and moved on Kieff. Plan Spring Drives.

All the old world seemed preparing for war in the spring. Reports from half a dozen countries indicated martial preparations were under way—with conflict apparently only waiting the break up of winter.

Some of the reports reaching London today were:

1—The French are rushing reinforcements to Syria and General Gouraud is going there in person, owing to warning that guerilla warfare against France has been planned for April.

2—An unconfirmed report from Warsaw says the Poles have started machinery to call 300,000 reservists to the colors. Poland is believed preparing for possible war on at least three fronts.

Urge Holy War

3—Shadow of a holy war fell across the Near East with discovery of plots by young Turks to influence the new Caliph to summon Mohammedans to arms, followed by proclamations posted in all the Moslem quarters of Constantinople ordering Mohammedans of military age, regardless of nationality to report at once at recruiting stations.

4—Britain is watching anxiously the Ruhr and Bavaria in fear that in one or both of these storm centers, unrest may break into open warfare soon; it is believed likely in view of recent developments. British troops will be withdrawn from the Rhine next month.

5—Jugo-Slavia, Bulgaria, Italy, Lithuania, Soviet Russia and Greece are involved in guerilla warfare or anticipate resumption of half mormant conflicts when weather comes.

1 DEAD, 4 HURT AS NEGRO RUNS AMUCK

(By United Press Leased Wire)
SPENCER, Tenn., March 8.—Mrs. George Haston, mother of Secretary of State E. N. Haston, was probably fatally shot and four others were wounded when a negro ran amuck here today.

Mrs. Sam Haston, sister-in-law of the secretary of state, who was seriously ill, died from fright when the negro shot her husband.

Mrs. Haston's husband was seriously wounded and Mrs. G. N. Shapiro and two other neighbors were injured.

The negro, Lewis Dudley, paroled convict, who was employed on the Haston farm, was pursued by a posse following the shooting.

Mrs. George Haston was shot when she rushed to the side of her son. Tullis Trogen, a farm hand and an unidentified woman, next rushed in and also were shot.

The negro, it was believed, became enraged when he was reprimanded a few hours earlier by Haston for stealing corn.

Secretary of State Haston, who also is state Democratic committeeman, was notified of the shooting and rushed here from Nashville.

Virginia McCarter Veat, 16, arrested recently on charges of contributing to the delinquency of a 15-year-old girl, was being held in the county jail today awaiting arraignment before Juvenile Judge R. V. Williams.

Miss Vest was arrested in Los Angeles with Reggie Barre, who is also charged with contributing to the delinquency of a minor. When she was arrested, she stated that she was over 18 years of age, but yesterday she gave her age as 16.

PATENT COLONIAL JUNIOR COUPON PRIZES WELL

CHICAGO, March 8.—As a result of Americanization work among employees of the six public utility companies under the direction of Samuel Insull of this city, 99.79 per cent of the employees of these companies are either American citizens or have signified their intention of becoming such by taking out naturalization papers, according to the report of the committee on Americanization of the companies which has just completed a survey.

This record is regarded as unique among the industries of the country when it is country when it is considered that these public service companies have a total of 24,114 employees and their operations extend over 15 states and all classes of workmen are employed.

This result was brought about by intensive Americanization efforts covering a period of 18 months among the employees of the People's Gas Light and Coke company, the Commonwealth Edison company, the Chicago Elevated railroad, the Chicago, North Shore and Milwaukee railroad, the Middle West Utilities company and the Public Service company of Northern Illinois.

The report just made to Mr. Insull by the committee shows that on January 1, 1922, or 91.97 per cent of the employees of the six companies were American citizens.

Those who were in possession of their first papers and who will gain the full rights of citizenship within the next few months, number 1893, or 7.82 per cent.

Only 51, or 21.100 of 1 per cent, were not citizens or had not taken out first papers. Some of those who had not yet declared their intentions of becoming citizens expected to do so within a few weeks.

The People's Gas Light and Coke company of Chicago, which was the first of the Insull companies to take up the matter of citizenship, received first honors in Americanization work, every one of its employees being either a citizen or in possession of first naturalization papers.

The other companies under Mr. Insull's management, operating in Chicago, have a citizenship record almost as perfect. Only two employees of the Chicago Elevated railroad were not full-fledged voters or were without their first papers on the first of the year, and they were planning to take the first step toward becoming citizens in the near future.

The most difficult of the situations encountered in this Americanization program fell to the lot of the Chicago, North Shore and Milwaukee railroad. Workmen employed by that company were all aliens. Altogether, 15 nationalities were represented, with Croats and Italians predominating.

The first step was orders from Britton I. Budd, president of the company, discontinuing the practice of keeping labor in boarding camps maintained by contractors, and the establishment of a system of company camps constructed and maintained to attract the better class of men and keep them contented, the company announced. The commissary was improved, baths were provided, close attention given to cleanliness about the camp, and finally, Y. M. C. A. secretary was employed to look after their recreation.

After a further study of the situation it was decided that a systematic course of education should be established to assist these foreign-born employees in becoming citizens. The first survey showed over 30 per cent of them could not read English, 75 per cent could not read it, and 25 per cent could not read or write their own language.

The company engaged an experienced instructor to direct the work and he was assisted by men in the organization. Schools were fitted up in buildings belonging to the company at various locations along the line. Classes were held on specified evenings.

After several months of this intensive educational work a certain day was set as "first paper day," upon which all foreign employees who had not yet declared their intentions of becoming American citizens could do so. Arrangements were made to receive the applicants at the courthouse in Waukegan, Ill., and Kenosha, Racine and Milwaukee, Wis., and the date was made a gala occasion.

SECTARIAN TEACHING OPPOSED BY LEAGUE

SACRAMENTO, March 8.—To oppose the introduction of sectarian teachings into the public schools of California and other states is one of the purposes of the Grand Orange Lodge of California, a Protestant organization of Oakland, which filed articles of incorporation with Secretary of State Frank C. Jordan. The articles of the lodge state, among other things, that it proposes "to maintain the free, non-sectarian public school system of the United States and oppose the use of the public school funds for sectarian purposes."

To Reduce Dangerous Varicose Veins

People who have swollen veins or bunches should not wait until they reach the bursting point, which means much suffering and loss of time, but should at once secure from any reliable druggist a two-ounce original bottle of Moore's Emerald Oil (full strength). By using this powerful, yet harmless, germicide treatment improvement is noticed in a few days and by its regular use swollen veins will return to their normal size and sufferers will cease to worry. Moore's Emerald Oil treatment is used by physicians and in hospitals, and is guaranteed to accomplish results or money returned. It reduces all kinds of enlarged glands, goiters and wens and is used exclusively in many large factories as an unfading first aid to the injured and septic. Your druggist can supply you.—adv.

SENATE SPEEDS UP ACTION ON STATE BILLS

(Continued From Page 1.)

ment departments for questioning at the first joint session.

The lower house committee, corresponding to the senate finance committee, convened for a short time last night and agreed to the sessions with the senators.

Probability of the introduction of a bill prohibiting civil service employees of the state from contributing to campaign funds looms as a result of a hearing held last night by the assembly committee named to probe charges that some civil service employees were forced to give money to campaign funds last fall.

War on Donations. Dan L. Sullivan, foreman of the press room of the state printing department; James L. Linn, assistant foreman, and other employees of the department testified before Assemblyman Carter's committee last night.

The witnesses expressed the hope that a law preventing civil service employees from donating to administration campaigns funds will be passed by the legislature.

The senate judiciary committee last night voted out favorably the community property bill while the assembly committee and corrections committee tabled the measure transferring women prisoners in San Quentin to the Sonoma home.

State prison wardens will meet with the assembly committee on prisons and reformatories next Wednesday to discuss bills affecting penal institutions.

Sidelights On What Is Occupying Minds And Time of Solons

SACRAMENTO, March 8.—"Such is fame" murmured Harry Lutgens, executive secretary for Governor Richardson as he opened the morning mail today. The letter which provoked the remark was from a prominent insurance man in San Francisco. It was addressed, both on the envelope and in the salutation, to "Governor William D. Stephens."

Both houses of the legislature were to adjourn promptly at noon today. The lawmakers were invited to a luncheon tendered by the combined luncheon clubs of Sacramento and there will be no missing it. In order to assure the accomplishment of some work, the assembly met at 10 a. m. instead of 11 o'clock.

Rex B. Goodcell, former superior court judge of San Bernardino county and now collector of internal revenue for Southern California, will appear before the senate public charities and corrections committee on March 20, urging a favorable report on the old age pension bill, introduced by Senator Murphy. Similar bills have been supported by the Fraternal Order of Eagles and Goodcell is past grand worthy president of that lodge.

The ways and means committee of the assembly has slated for consideration two highway bills carrying appropriations of \$2,670,000, which have already received the approval of the lower house roads and highways committee. One bill, with a \$2,000,000 appropriation, would improve the state highway system in San Joaquin county. Total appropriations contained in highway bills before legislative committees is in excess of \$20,000,000.

The senate committee headed by Senator Jones which started its probe for funds spent opposing or supporting the initiative measures on the ballot last fall has set next Monday afternoon as the date for continuing the hearings. The single tax proposition and that to increase the number of signatures on initiative petitions, will be the first matters before the committee.

"Gentlemen's agreement" in both houses which calls for re-reference of bills to committees after they have been reported out should one member request it, is being taken advantage of in both houses. No less than half a dozen measures on the assembly third reading file have been sent back for further consideration, inasmuch as the reference is done without any discussion, the bill's advocate is generally at a loss to know the reason why his pet measure is once again put into the committee's hands.

Repeal of the Wright prohibition enforcement act and opposition to re-apportionment were voted support by the San Francisco delegation, which held its organization yesterday afternoon. Senator J. Crowley was elected chairman of the bay city group. Senator Goddard, Assemblyman Morris and others were named on a committee to confer with Governor Richardson on the proposition for a new state teachers' college in San Francisco.

Lobbyists and visitors who seek admittance to the assembly during sessions are now faced with a conspicuous sign setting forth that only members of that house, clerks, families of members and accredited newspaper correspondents are admitted. Speaker Merriam gave definite orders yesterday that all others be excluded from the chamber. The speaker said that one assemblyman, engrossed in conversation with a lobbyist during the session, failed to vote on one of his own bills when the roll was called, a slip which he would possibly have some difficulty explaining to the folk back home.

LAGUNA PLAY IS PRAISED BY AUDIENCE

LAGUNA BEACH, March 8.—A decidedly interesting and clever play was given by the Lynn players Tuesday evening at the New Lynn Theater. In fact every one of the largest crowd ever gathered to view a local production, barring none, declared it a decided hit. The Lynn players are becoming more popular with every performance.

"Our village," which is renowned for its artists, also has talent that many communities of larger population can not boast of, it is said.

The comedy-drama, which was directed by Lyndon Aufdenkamp, was warmly applauded, each one playing their parts well.

The opening feature, Silver Threads Among the Gold" was a shimmering costume of the Martha Washington period.

Lyndon Aufdenkamp gave several selections on his xylophone, which would be appreciated on any stage, the work of his partner, Miss Thelma Farman, a toe dancer, which has captivated many a Los Angeles audience was enjoyed to the fullest.

Jack Doty, who was the colored porter for Rolfe Clapp in a clever skit was professional in a clog dance also in his interpretation of the Salvation Army walking down the streets of Laguna in 1930.

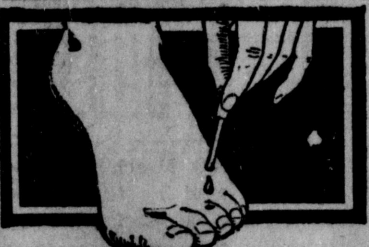

Allen Phelps gave a splendid solo "When the Leaves Come a Tumbling Down" this golden voiced singer who has just been found, being an unassuming young business man of our village, was just called a scream when he was called back for the third time. His last song, "Gee, But I Hate to Go Home Alone," was his idea of a man with one drink too many. Mr. Phelps was accompanied by Mrs. Fred Mott, pianist.

"Ain't It Awful," a jolly farce, was the play. The Cast: Ikey Levi, an obliging man, Bob Williams. Mike Dole, his friend, George Ritchie. Helen Mason Dooley, his wife, Elloene Aufdenkamp. Thomas, the butler, Gus Derkum. Mary, the maid, Mildred Phelps. Betty Dooley, Mike's daughter, Thelma Farman. Jack Mason, Mrs. Doolies' son, Lynn Aufdenkamp. Tim Donovan, Mary's guardian, Jack Doty. Officer McManus, one of the finest, Rolfe Clapp. —Contributed.

COASTWISE SHIPPING SHOWS BIG INCREASE

WASHINGTON, March 8.—The competition of the open seas has driven so many privately owned American ships into the coastal trade that the shipping board's bureau of research tonight characterized the increased coastal movement of cargoes as "the most marked development in the employment of ships under the United States flag during the past year."

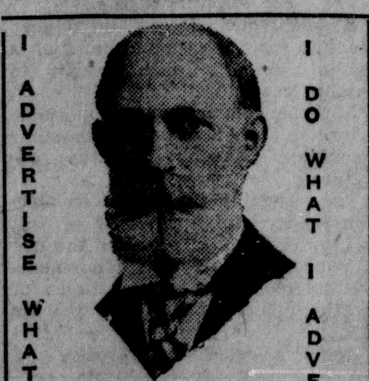

"The vessels under private ownership," said a report made public by the bureau, "have practically abandoned the hopeless task of competing with the more cheaply operated foreign fleets and have turned to the protected traffic of our coastal waters, where the basis of operation cost is equal, and the opportunity is presented of making a profit through increased efficiency in fair competition."

Gripped by Corns? Use "Gets-It"

World's Greatest Corn Harvester. Everybody, everywhere needs to know what millions of folks have already learned about "Gets-It." The guaranteed painless corn and callous remover. Any corn, no matter how deep rooted, disappears quickly when "Gets-It" is used. Wonderful simple, yet simple and safe. Because all corns stop with the first application. Get rid of your corns and wear them out. Get a bottle of "Gets-It" today. Nothing at all if it fails. R. Lawrence & Co., Inc., Chicago. "Gets-It" is sold in this city by

Pargson Drug Co.; John W. Norton and Rowley Drug Co.

ARE YOU BRINGING UPON YOURSELF PREMATURE OLD AGE? By neglecting your teeth? Are you taking the chances of impairing digestion, a debilitated body; just at the time of your life when you need every ounce of energy; every spark of vitality that it is possible for your body to generate? Are you doing this? If you are, remember that you will pay and pay well for such neglect. Dr. Atwell will not hurt you a bit. Ask your neighbor or friend about Dr. Atwell's painless dental work.

SPORT FLASHES

NEW YORK—After signing to meet Tom Gibbons in Madison Square Garden on March 19, Harry Greb notified Tex Rickard he couldn't fill the engagement. Rickard announced he was planning a Dempsey-Gibbons bout out-of-doors in the summer.

CLEARWATER, Fla.—"Bud" Hungeling, Brooklyn catcher, is the first real casualty of the baseball training season. He split his hand on a foul tip and will be laid up for at least two weeks.

NEW YORK—Jole Ray, Chicago middle distance running champion, beat Willie Ritola, New York, in the 5,000 meter race at the Western Union games and made a new indoor record of 14:54.

PHILADELPHIA — Princeton's ice hockey sextet ploughed through the Pennsylvania combination for a six to two victory.

HOT SPRINGS, Ark.—Reb Russell, the Pirate's slugging outfielder, arrived in camp a week ahead of time. Reb said he couldn't wait. Earl Kunz, rookie pitcher from Seattle, is expected to arrive today.

ARMY AIR SERVICE WILL BUILD GLIDER

DAYTON, O., March 8.—The United States Army Air Service, recognizing the possibilities of motorless flying, has at last materially interested itself in the construction of gliders.

The first model is being built at McCook Field—intermediate army air station—and a test flight is proposed in the near future.

YOSEMITE ROADS TO BE PROTECTED

YOSEMITE NATIONAL PARK, March 8.—Authority to restrict or prohibit travel over any road in Yosemite National Park when, in the opinion of the superintendent, road conditions are unsuitable for travel, has been given the superintendent of Yosemite National Park in a revision of the Rules and Regulations just approved by the secretary of the interior.

Under this provision, Superintendent Lewis is equipped to take such action as may be necessary to protect the roads from damage and the park from unfavorable advertising by stunts performed before the roads really are ready for visitors, but he has made it clear that he has no intention of exercising the authority except when

Says His Prescription Has Powerful Influence Over Rheumatism

Mr. James H. Allen, of Rochester, N. Y., suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system. He freely gave his discovery, which he called Allen's, to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. He has therefore instructed druggists everywhere to dispense Allen's with the understanding that if the first bottle does not show the way to complete recovery he will gladly return your money without comment.

C. S. Kelly Drug Store, corner 4th and Main Sts.—adv.

LEGION DIRECTS CLEAN-UP ROCKDALE, TEXAS, MARCH 5

Under the leadership of the local post of the American Legion, every man, woman and child in Rockdale took a day off to repair the streets. All trucks and wagons in the city were used to haul gravel and schist, while the citizens performed the manual labor. Although the Rockdale Legion post is less than a year old, it owns a suite of well-equipped club rooms.

necessary for the greatest good of the greatest number.

Stunt runs into Yosemite have been a feature of automobile advertising on the Pacific Coast for many years. Some of them have resulted in considerable damage, so that the problem has been under consideration by the superintendent for two years or more with a view to working out a plan which would not deprive anybody of legitimate publicity but which would at the same time protect the park. Resorts which offered trophies for the first car into the park each year and for the car opening motor travel into the Park in the spring readily agreed that he should take such action as was deemed advisable.

One of the worst features of stunt runs into the park was that the hazardous conditions prevailing when the stunt was performed were pictured in advertisements two or three weeks later, after such conditions had been removed, thereby deterring many less expert drivers from attempting a trip.

Superintendent Lewis has not announced what he intends to do under the new authority. The two trophies mentioned above are not being offered this year, which eliminates that phase of the question. Mr. Lewis has indicated that he has no intention of prohibiting the Los Angeles-Yosemite economy run and if any change should be made it probably will be merely an advance in the date beyond the time when the roads are soft and liable to be cut up by a procession of cars; even this change may not be necessary if the roads open sufficiently early to dry out before the usual week of the run comes around.

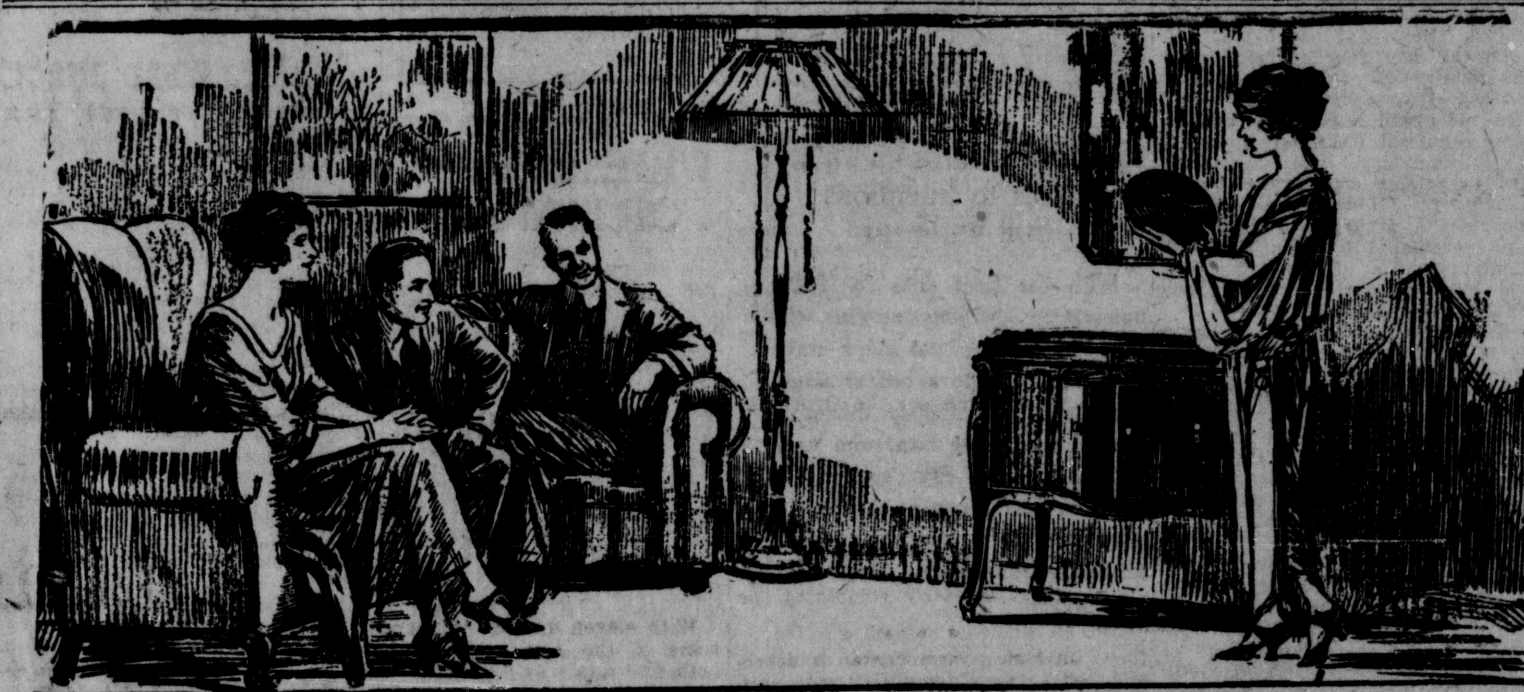

Another change in the regulations this year makes the operator of a car carrying passengers for hire within the park, other than the cars operating under government franchise, guilty of violating the section prohibiting the entrance of such cars. This has the effect of strengthening the regulation which heretofore has not carried a penalty clause. The prohibition is imposed to protect the public from the hordes of "jitney" cars which otherwise would infest the park, charging the utmost in rates and giving inferior service, operating only when weather conditions suited them and a full load was available, which has been the experience of places where no such prohibition prevailed. The cars operating under government franchise are required to make trips rain or shine, for one passenger or a full load, and at rates which are regulated by the department of interior.

The only other change of interest to motorists emphasizes that Yosemite valley has one of the finest water supplies in the world.

Need Attention in March or Face May Stay Covered. Now is the time to take special care of the complexion if you wish to look well the rest of the year. The March winds have a strong tendency to bring out freckles that may stay all Summer unless removed. Now is the time to use Othine—double strength.

This preparation for the removal of freckles is usually so successful that it is sold by druggists under guarantee to refund the money if it fails. Get an ounce of Othine—double strength, and even a few applications should show a wonderful improvement, some of the smaller freckles even vanishing entirely.—Adv.

YOUR FRECKLES

The music you want when you most want it

That is the service performed by the Victrola and Victor Records. Such a quality of service is obtainable through no other medium.

Play the following selections which we especially recommend on the model shown herewith—the Victrola No. 260:

- Tosca—Love and Music
Catalog Nos. 88075, 88192, 88487, 74400, 66111
- Robin Hood—Oh, Promise Me
Catalog Nos. 87255, 16196, 17189, 17806
- Crucifix
Catalog Nos. 89102, 89054, 64712, 35012
- Humoresque (Violin Solo)
Catalog Nos. 74163, 74180, 74494, 35306
- William Tell Overture

RAILROAD SUES OVER ALLEGED EJECTION

Claiming that the defendants
ejected them from a right of way,
and took possession of property
near Tustin, the Southern Pacific
corporation today brought suit in
superior court here against Alva
Hargrove and others for possession,
and for damages resulting
from the alleged ejection.

HORTICULTURAL CHIEF GIVEN TWO POSITIONS

As a result of the supreme court
ruling regarding salaries of county
officials, A. A. Brock, horticultural
commissioner, will receive \$150 a
month as superintendent of the
county insectary, and \$150 a month
as commissioner, it was learned to-
day.

The situation resulted from dif-
ficulty in paying Brock the full
salary for one office. Under the
ruling the supervisors were com-
pelled to increase the salaries of
officers during their terms.

Brock has been in charge of the
insectary since he took office here,
and no additional duties will result,
it was stated.

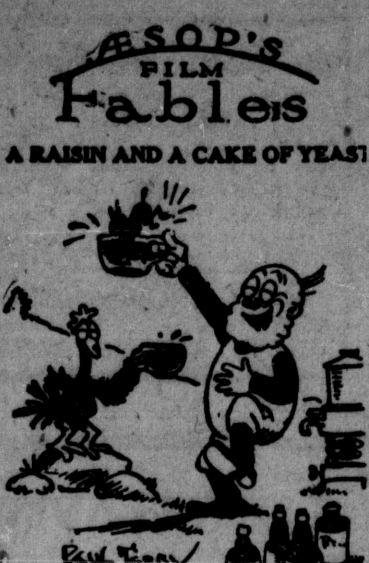

WOMEN FROM FORTY TO FIFTY

Will Be Interested in Mrs. Hooker's
Recovery by Use of Lydia E. Pink-
ham's Vegetable Compound

St. Paul, Minn.—"I was going through
the Change of Life and suffered from
a run-down condition and the trou-
bles a woman has to go through at
that time, hot flashes, nervous-
ness and headaches. At times I
was not able to do my work, but since
taking Lydia E. Pinkham's Vegeta-
ble Compound I am gaining ev-
ery day and can do my work with more
ease than I have for five or six years.
I owe it all to your great medicine."
—MARTHA HOOKER, 114 College Ave.,
St. Paul, Minn.

When women who are between the
ages of forty-five and fifty-five are
bothered with such annoying symptoms
as nervousness, irritability, mel-
ancholia and heat flashes, which pro-
duce headaches, dizziness, or a sense
of suffocation, they should take Lydia
E. Pinkham's Vegetable Compound.
It is especially adapted to help women
through this crisis. It is prepared
from roots and herbs and contains
no harmful drugs or narcotics.

Write to Lydia E. Pinkham Medi-
cine Co., Lynn, Massachusetts, for a
free copy of Lydia E. Pinkham's
private Text-Book for Women.

Farmer Al Fala made some brew;
His favorite has imbibed it, too.
And thereupon they both flew high,
Had strange adventures in the sky,
Met with a fierce three-headed cat,
Danced with some mermaids after that.
Then sobered up and said, "By gum
That home brew makes you travel
some!"

Moral: some forms of stimulation
Bring travel, sport, and education.

—Esop, Jr.

NEWS BRIEFS

S. H. Craeger, Los Angeles, and
S. D. Koch, Santa Monica, are ex-
pected to attend the luncheon of
the Santa Ana Realty board at St.
Ann's inn at noon tomorrow, it
was announced today. Both will
also deliver addresses at the com-
munity Greater Santa Ana club at
the inn Friday evening.

George A. Barrows, local build-
ing contractor, today was at work
on construction of a two-story
brick building at 206 Spurgeon
street. It is his own property and he
will occupy virtually all of the
ground floor space with his office,
drafting room, work shop, equip-
ment and materials. The structure
will cost \$20,000.

With tickets selling rapidly,
Everett A. White, president of the
Greater Santa Ana club, today ad-
vised those who desire to attend
the community dinner at St. Ann's
inn tomorrow evening to make
reservations at once. Tickets may
be had at any of the banks, or
from White or J. R. Mayer, sec-
retary. The number will be lim-
ited to 250.

The committee on organization
of a local lodge of the Order of
Moose will meet at the office of
Attorney J. H. Langston, Room 7,
Abstract and Title Guaranty com-
pany building, Fifth and Main
streets, Saturday at 7:15 p. m.
Charles Hamilton, organizer for
the order, announced today. The
work of obtaining fifty charter
members is nearly completed, he
said.

La Habra farm center is sched-
uled to meet tonight, it was stat-
ed at the Orange county farm bu-
reau office today.

County Clerk J. M. Backs was
attending the annual convention
of the County Clerk's association of
California at Sacramento to-
day. He left here Tuesday after-
noon.

Friends of Fred Marsile were
interested today in the news that
he was once more at his home on
East Seventeenth street after
having been a patient of some
weeks at the Community hospital.
Marsile is able to receive his
friends and anticipates greeting
many of them in the near fu-
ture.

L. G. Swales today was com-
pleting a transaction with the
board of education whereby he
takes over the old Ross property
on the site of the proposed new
junior high school on South Main
street. Swales presented the only
bid for the property opened at
the board meeting last yesterday.
The amount was \$1500, it was re-
ported. Frederick H. Ely, archi-
tect, was called into consultation
again yesterday to go over the
plans being drawn for the new
school building.

The Pennsylvanians of all South-
ern California were included in a
final call issued today for the an-
nual picnic reunion in Sycamore
Grove park, Los Angeles, all day
Saturday. All the usual picnic
features will be carried out. There
will be county registers, hot coffee,
badges and a program.

Chester Stafford and Orlo W.
Householder, both of Santa Ana,
have left for Chioix, Sinaloa, Mex.,
to enter the employment as truck
drivers, of El Fuerte Mining and
Smelting company, of which A. M.
McDermott, of Santa Ana, is gen-
eral manager.

Announcement that Dean McCor-
mack, of St. Paul's cathedral, Los
Angeles, was to be the speaker,
served to stimulate to a marked
degree interest in the monthly
meeting that the Men's club is to
hold tonight at 8:30 o'clock in the
guild room of the Church of the
Messiah, Episcopal, it was stated
today.

Members of the Men's club of
the First Baptist church were to-
day completing plans for their
monthly dinner to be held Tues-
day at 6:30 p. m. in the church
dining room. E. L. Cressy, sec-
retary of the club, announced today.

Mrs. R. G. Hewitt, 524 South Ross
street, today was announced as one
of the winners in a contest con-
ducted by a Los Angeles news-
paper. She won a prize of \$50.

Further consideration of plans
of the First Congregational church
for enlarging the edifice at Main
and Seventh streets will feature
a meeting of the board of trustees
Wednesday evening. It is ex-
pected that a committee will be ap-
pointed at that time to assume di-
rection of the proposed improve-
ments.

SEEK BEAUTIES FOR L. A. FILM EXPOSITION

Orange county, famous for its
wealth and its beautiful women,
will be very much in the public
eye at the American Historical
Revue and Motion Picture ex-
position to be held in Los Angeles, ac-
cording to Secretary J. C. Metz-
gar of the Santa Ana Chamber
of Commerce.

"If you have a candidate for
queen of Orange county to appear
at the exposition, now is the time
to send in her name," said Metz-
gar here today. "This applies to
the entire county. Names may be
submitted to Chambers at Ana-
heim, Fullerton, Huntington Beach,
Santa Ana and other cities.

"Nominations are now in order
and are to be made by popular
vote. It was thought at first that
it would be best to have three can-
didates, but later it was decided
to have one candidate from each
superior district.
"The Orange county queen will
reign on the day especially as-
signed to this county at the big
exposition. She will be a mem-
ber of the distinguished party
that will welcome the crowds at
the premiere, and she will have
a prominent part in all the cere-
monies of the opening day.

11 EVENTS DUE ON ANAHEIM AIR BILL

With eleven musical numbers by
some of the best talent of Ana-
heim and a talk by George E. John-
son, the city of Anaheim will
broadcast a program of more than
usual interest for KFAW tonight,
beginning at 6:15.

The local selections will be given
by members of the Anaheim
Community chorus, opening with
the Anaheim Civic Anthem.
Radio listeners are reminded
that broadcasting will begin fifteen
minutes earlier than usual tonight.

JURY DISAGREES IN CHECK CASE TRIAL

When evidence tended to show
that Thaddeus Carpenter, so called
"Fagin," had not been responsible
for the passage of alleged worthless
checks, but that William Thomp-
son, 14-year-old "Oliver Twist,"
had written them and cashed them
himself, a jury in Superior Judge
R. Y. Williams court, disagreed on
a verdict at Carpenter's trial yester-
day. Carpenter will not be
tried again, Deputy District At-
torney C. N. Mosley stated.
Billy Thompson, state witness,
testified that Carpenter had writ-
ten the checks and had him cash
them. Questioning tended to show
that the handwriting on the checks
was the same as Billy's handwrit-
ing. Experts substantiated this.
Thompson is confined at the
Whittier state school for boys.

BALBOA

Articles of incorporation of the
Balboa Beach Amusement company,
with a capitalization of \$25,000,
were filed in the office of the
county clerk today.

The corporation, which will erect
and operate buildings, such as
dance halls, entertainment halls,
amusement galleries and the like, was
incorporated with 25,000 shares of
\$1 each.

The directors are Harry B. Tu-
dor, Louis Garriguera, E. G. Bur-
lingame. They each hold \$5,000
worth of stock in the corporation.

A RAW, SORE THROAT

Eases Quickly When You
Apply a Little Musterole.

And Musterole won't blister like the
old-fashioned mustard plaster. Just
spread it on with your fingers. It
penetrates to the sore spot with a
gentle tingle, loosens the congestion
and draws out the soreness and pain.
Musterole is a clean, white oint-
ment made with oil of mustard. It is
fine for quick relief from sore throat,
bronchitis, tonsillitis, croup, stiff
neck, asthma, neuralgia, headache,
congestion, neuritis, rheumatism,
lumbago, pains and aches of the
back or joints, sprains, sore muscles,
bruises, chilblains, frost-bite, colds
on the chest. Keep it handy for in-
stant use. 25c and 50c jars and
tubes; hospital size, \$2.00.

Better than a mustard plaster.

NEXT STEP IN 'LAND BUBBLE' UP TO BURKE

Future disposition of the "Irvine
land bubble" case, involving an at-
torney, a Los Angeles physician
and several hundred claimants, to-
day rested with United States Dis-
trict Attorney Joe Burke, follow-
ing conferences held in Los Ange-
les, at which Attorney Ben Mc-
Lendon was closely questioned.

Accepted Money, Claim.
Burke, it is said, declared that
Price and the attorney accepted
amounts ranging from \$200 to \$1500
from innocent investors for in-
formation concerning the location
of the land, and for aid in filing
their claims.

Despite the fact that land office
executives rejected these claims
and pronounced the affair a "land
bubble," the many claimants re-
fused to accept this as final and
carried appeals to Washington.
They were rejected.

May Take Action.
As a result of conferences be-
tween District Attorney Burke, C.
W. Richie, of the general land of-
fice, and others, it was decided that
Burke, after further conferences
with other land office executives,
will decide whether he will bring
the matter to the attention of the
United States grand jury.

Inspector Richie, at the confer-
ence, is said to have declared that
"this was the worst case of fraud
that has ever come to the attention
of the department." Attorney Mc-
Lendon declared he wanted to set
himself right with Federal authori-
ties.

DREAM WEED BURGLAR TO SERVE FIVE YEARS

Jose Murietta, "dream weed
burglar," convicted in superior
court here, will serve five years in
San Quentin, the prison board de-
cided, according to returns filed in
the clerk's office here today.
Burietta was convicted of burg-
lary, after a trial in which it was
learned that he had used "mara-
juana" before committing the
crime.

COMEDY TO BE PRESENTED AT ORANGE H. S.

The final touches are being plac-
ed on the dramatic entertainment
to be given in the new auditorium
of the Orange union high school
tomorrow night.

The cast under Mr. Carrier's
direction, is planning to make this
an evening of pleasure and prof-
it to all who attend.

"Martha-by-the-Day" is a com-
edy in which Martha Slawson over-
comes all her trials with the op-
timistic good humor. Although
she has a sick husband, an ill-
tempered mother-in-law, two daugh-
ters who are somewhat giddy and
hard to manage, she takes pity
on a stranger and gives her food
and shelter until she can again
provide for herself. Her spirit
is one of helpfulness to all who
come her way.

The following is the cast:

Francie Laura Anderson
Corra Muriel Hively
Ma Slawson Louane Leech
Martha Slawson Edith Rogers
Steve Lundy Jas. Crawford
Claire Lang Irene Lewis
Sanor Slawson Curtis Morgan
Frank Ronald Howard Murphy
Fletcher Buster Rogers
Mrs. Allen Sherman
Elizabeth Huscroft
Amy Pelham Dorothy Pease
Shaw Wilbur Anderson
Allen Sherman Lawrence Slosson

FOR ITCHING TORTURE

Use Antiseptic Liquid Zemo

There is one remedy that seldom
fails to stop itching torture and
relieve skin irritation, and that
makes the skin soft, clear and
healthy.

Any druggist can supply you
with Zemo, which generally over-
comes skin diseases. Eczema,
itch, pimples, rashes, Black-
heads, in most cases give way to
Zemo. Frequently, minor blemish-
es disappear overnight. Itching
usually stops instantly. Zemo is a
safe, antiseptic liquid, clean, easy
to use and dependable. It costs
only 35c; an extra large bottle,
\$1.00. It is positively safe for ten-
der, sensitive skins.—Adv.

Tennessee Red
Cedar
Chests
\$13⁶⁵

Careful people preserve the
beauty and life of their clothing
in cedar chests. And if one is
careful of expenses, here's a
fine cedar chest of genuine Ten-
nessee Aromatic Red Cedar for
only \$13.65. A Horton value!

Fibre Reed
Sulkies
\$13⁷⁵

A sulky one can fold up in a
jiffy and carry anywhere—yet it
is large and roomy, has a fibre reed
top. An easy sulky to handle over
all sorts of places—and looks much
more expensive than it is. \$13.75.

This Is EXTRA!
Collapsible
Sewing
Tables
\$2.95

We are glad the manufacturer gave
us a chance to buy a number of these
sewing tables at a favorable price,
because we can see that our custom-
ers are going to appreciate it. It's a
convenient table, can be folded up
and put out of the way, made of
maple, has a 36-inch rule on top.
While they last—\$2.95.

Italian Dining Suites Are Not All Dear!

Indeed, a glance at the offerings below will show that
a very high grade suite is remarkably reasonable in price.
Truly, these rich Italian suites make a beautiful dining
room.

--one at \$81

A dining table in a new oblong pattern, size 45x54 inches,
extending six feet, solid walnut top—and four chairs to match
with genuine leather seats, very charming design. Complete, \$81.

--and one at \$158

Dining table, 45x54 inches, solid walnut top, with an Italian
frieze immediately underneath, oblong in shape with corners like
the picture; 4 chairs in new design, in blue, or brown leather,
or tapestry.

--another at \$165

The table is 45x54 inches, extends 8 feet; is another varia-
tion of the Renaissance design, oblong shape with corners like
picture. 4 chairs in blue or brown leather, or tapestry.

This Week's Drapery Special Short Lengths Curtain Nets at Half Price!

Good, usable lengths, from 3 to 7 yards each, sufficient
for a room of two or three windows. They are mostly
Quaker Craft-Lace and all are desirable patterns. Bring your
measurements, and secure these materials at a saving of
half. The lot is limited, so early selection is wise.

Curtain-Making Service

Lowered prices for curtain-making—we measure
and hang free all curtains made in our workrooms—
expert workmanship—efficient, intelligent, satisfying
service. The advice of an expert, estimates and de-
signs are all at your service without obligation.

A Brunswick Console in a design
that harmonizes easily with practi-
cally every decorative scheme. And
then, it's a Brunswick! It has that
famous Ultona all-record reproduc-
er, the Tone Amplifier, and the other
Brunswick advantages. Finally,
it's a genuine value at \$150. To cap
the climax, it can be bought on
terms of \$2.95 a week!

Calumpit Camp

Calumpit Camp, of the United Spanish War Veterans, held one of the most successful meetings last Tuesday night that it has ever had.

"Goliath" out-classed "David" in the membership contest by bringing in twelve new applications for membership to poor little "David" none; so the first round of the battle goes to Goliath.

Five members were mustered into the Camp as follows: D. D. Field, C. A. Lindquist, Thos. F. Offutt, Santa Ana; Leonidas H. Adams, Orange and Dennis Donnelly, Anaheim.

Robert F. Clark, of Roosevelt Camp Number 9, a pension adjuster was present and spoke on pensions followed by Robert H. Lee, of Brea and J. D. Jones, of Santa Ana, who spoke on the same subject. A committee composed of Comrades J. D. Jones, Dan R. Mears and A. P. Dresser was appointed by the commander to arrange for a patriotic rally to be held on the twenty-fifth anniversary of the declaration of war with Spain.

Henry G. Miller, senior vice-commander, got busy fixing everything he could think of and wound up by fining himself two and a half times as much as he had fined the others. He stated, "I feel that much guiltier."

Tuesday, March 20, the camp and auxiliary are to hold a ball social for the benefit of the California Soldiers' Widows Home at Sawtelle, the public is invited to attend and help a worthy cause.

The "Lams Ducks" of the auxiliary, Mesdames Bertha N. Dixon and Nannie Reed, carried off honors in the membership contest in their order by taking in thirteen new applications for membership.

Comrade R. H. Lee, of Brea, commander of the Boy Scouts at that place, invited the camp and auxiliary to hold one of their social meetings in the hall at Brea and plans are being made to accept in the near future, possibly on April 17.

Parent-Teachers

Cordially greeting a large number of guests, Miss Verna Wells, principal of Roosevelt school, opened the fathers' night program of Roosevelt P. T. A. given Tuesday night at the school.

The program was deeply interesting and offered selections on the "fairly bells" played by Harry Garstang; a song group by Miss Esther Jean Davis; a delightful little talk on "The Relation of Art and Dancing" by Miss Marie Elizabeth Briggs of St. Ann's Inn, where she conducts a school for dancing and a review of Masterlink's play, "The Blue Bird" by Mrs. Roy Horton.

In addition were interesting numbers by little people of the school, including a clever dance by Alline Buck, a song by Master Asa Hoffman Jr. and little Fern Anderson, a playlet by the fifth grade and songs by the second and fifth grades. Miss Hazel Maxwell of the staff of teachers, arranged the program.

The evening ended with the serving of light refreshments by a committee of which Mrs. Lee Buck was chairman.

Altar Society

With Mrs. George Lester and Mrs. Rose Mordoff entertaining at the Lester home, 1121 North Sycamore, yesterday's meeting of the Altar society of St. Joseph's Catholic church was a most enjoyable affair.

The two hostesses used dainty decorations of pink and white carried out in roses, sweet peas and peach blossoms. They served food fruit punch to their guests who chatted of society plans. These included a "parol post card party" to be held at K. of C. hall on Monday following Easter.

Also it was decided that the Altar society would make their second meeting each month, one for the church women as a whole in the future.

The next session will be held at the home of Mrs. Olive Lopez, 801 East Fifth street with Mrs. Lopez and Mrs. Joseph Young entertaining.

BANS "LIBRARY SPOONING" PHILADELPHIA, March 8.—"Library spooning" is now under the ban at the University of Pennsylvania. Co-eds now have a reading room of their own.

The new reading room was not opened to relieve the congestion in the university library, but to break up the courting bees which have annoyed industrious students.

Students who use the library for reference work say the reading room was used more for a tryst than for studying. "Cooling" and "spooning" was a common sight.

The new reading room will accommodate 150 co-eds and the studious male students will be left alone.

Theaters

A scene from "Silver Wings," photoplay which opens at the West End tonight.

TONIGHT'S ATTRACTIONS.

YOST—Vandeville and "My American Wife," with Gloria Swanson.

TEMPLE—"Adam's Rib," with Anna Nilsson, Milton Sills and Elliott Dexter.

WEST END—"Silver Wings," with Mary Carr.

PRINCESS—"The Glory of Clementina," with Pauline Frederick.

"ADAM'S RIB" SCORES HIT AT TEMPLE SHOWING.

A wholesome entertaining comedy-drama is Cecil B. De Mille's latest Paramount production "Adam's Rib," which opened with success at the Temple theater last evening.

The picture scored a veritable triumph. In "Manlaughter" we saw one side of the modern girl. In "Adam's Rib" we have the other.

Surprising scenes include the Natural History Museum, filled with gigantic skeletons of million year old monsters, the Chicago Board of Trade, interesting "vision" scenes showing the life of prehistoric man, and a ball that marks the ultimate in De Mille magnificence.

The production has a featured cast including Milton Sills, Elliott Dexter, Theodore Kosloff, Anna Q. Nilsson, Pauline Garon and Julia Faye. Jeanie Macpherson is the author of the original story. The picture has an interesting theme which is developed with rare power. The supporting cast is most artistic.

THRILLS FEATURE YOST FILM WITH GLORIA SWANSON.

Forty miles an hour along the top of a bluff three hundred feet high!

This is the thrill recently experienced by Gloria Swanson, Paramount star. The scene filmed for "My American Wife," her new production now showing at the Yost theater and in which she has the stellar role, was a race against time to prevent a duel between the girl's Argentine sweetheart and his enemy, who had insulted her.

The scene was filmed along a high promontory on the Pacific coast, where the road, in places, approached to within three feet of the edge of the precipice. Several times during the race, the large car in which she was riding, skidded dangerously near the edge and to a point where a few inches more would have meant death by a sheer drop to the beach below.

"THE GLORY OF CLEMENTINA" AT PRINCESS TONIGHT

One of the greatest supporting casts ever assembled for a single production appears with Pauline Frederick in her latest production "The Glory of Clementina," which will be shown at the Princess tonight and tomorrow.

Among the many prominent players are Louise Dresser, world-famous musical comedy and vaudeville star, Edward Martindel, Edward Hearn, George Cowl, Lincoln Plummer, Wilson Hummel, Baby Helen Stone, Lydia Yeamans Titus and Jean Calhoun.

Based on the memorable novel "The Glory of Clementina," written by Wm. J. Locke, this most recent Pauline Frederick starring vehicle is a production of high dramatic quality, the theme of which is the rejuvenation of a woman, who is an artisan genius.

She had abandoned everything in her pursuit of artistic fame. She had stifled every natural instinct within her. But the touch of a baby's hand on her cheek, the music of a baby's chat, reawakened within her the glory of womanhood and she was enduring happiness in the world.

CHARTER MEMBERSHIP IN Y ENDS MARCH 15

Charter membership in the Santa Ana Y. M. C. A. will close March 15.

Alex Brownridge, chairman of the membership committee, called attention to the limit date today in order, he said, that those men, desiring to be on the charter roll of the organization that plans to have Thanksgiving dinner in its own \$200,000 building, may enlist in time.

Engineers were on the ground today laying off the lines of the S. A. Y. home.

S. H. Finley, president of the S. A. Y., announced that the local association has been recognized and recorded by both the state and national association headquarters, according to advice received here.

Plans for the 1924 State Y. M. C. A. convention already are underway here, it was understood.

COLDS ARE CONTAGIOUS Coughs and colds are contagious and require prompt treatment as they spread or develop into flu and grippe. Take no chances when you can get Foley's Honey and Tar for a few cents and quickly check coughs and colds. The constantly increasing demand for Foley's Honey and Tar, for three generations has made it the largest selling cough medicine in the world. Contains no opiates—ingredients are printed on the wrapper. Refuse substitutes. Insist upon Foley's. Sold everywhere.—adv.

Athena Club

An unusually entertaining program was presented by a clever group of high school sophomores recently from Junior High school, at yesterday's meeting of the Athena club in the music room of Poly High.

Miss Josephine Waggener was "mistress of ceremonies" and presented the following program: to-dance by Miss Virginia Lowell, attractively gowned in a vivid orange dancing costume; reading, "Miss Dorothy Entertains the Minister," Miss Lorene Porter; piano solo, Miss Veda Mitchell, pantomime, "The Coquette" with Miss Marie Mitchell in the title role assisted by the Misses Vera Morrison, Lorene Porter, Virginia Lowell, Helen Sawdy and Biddy Whitman.

Preceding the program a business session was conducted by Athena's president, Miss Evelyn Hoffman with minutes read by Miss Hazel Salisbury, secretary. Plans were discussed for the St. Patrick's party to be an enjoyable event of the near future.

Spanish Club

Entertaining bits from Spanish comedies, characteristic Spanish songs to the tinkling accompaniment of a guitar and character sketches in dialect offered an enjoyable program at last night's meeting of the "Club Espanol" at the high school music room with the club president, Julian Baires, officiating.

Miss Persana Delmiling had charge of the program, arrangement and three entertaining bits of comedy were presented under the direction of Miss Mary Swass. In the first, "Quien Supresa Escribir!" Miss Helen Metz and Howard Law took part, while appearing in "La Oesta de Coles" were several young men of the high school, including Albert Watkinson, John Norton, John Reynolds, Elvin Mitchell, John Harper and Farel Jones.

In the final one of the group, "Las Cuatro Pesetas," were Lloyd Young, Charles Gray and Miss Catherine Rinau. The work of the students was exemplified by the ease with which they assumed their roles and the rippling music of the foreign tongue.

Miss Ruth Frothingham led in the singing of the Mexican National anthem and other music was furnished by Senor and Senorita Barrios, who each gave delightful solo numbers to the guitar accompaniment of Senor Barrios. After a group of readings by Eleanor Young Elliott, members and guests were asked to the gymnasium, where Spanish games whetted appetites for the refreshments of hot chocolate and sandwiches served by a refreshment committee composed of the Misses Viola Dyer, Daisy Anderson, Anita Jerome, Muriel Jerome and Alice Miller.

Vernal Appointments
Charmingly Used
In Bridge Tea

True harbinger of spring was the
charmingly appointed bridge tea to
which Mrs. N. H. MacMullan yester-
day called together a group of
friends at her home, 435 South
Ross street.

Marguerites, jonquills and forget-
me-nots offered a purple and gold
treatment of the floral scheme and
above their spring-like beauty, hovered
tissue-winged butterflies.
Amid such vernal surroundings, the
afternoon was spent at bridge at
which Mrs. Lynn P. Chuning of
Orange proved victor and was
awarded first prize. Second hon-
ors went to Mrs. C. S. Harper while
Mrs. George S. Briggs received con-
solation.

At the tea hour Mrs. MacMullan
arranged her table with dainty
linens and served a refreshing tea
menu with the assistance of Mrs.
G. D. MacMullan.

Her guests for the affair included
Mesdames Leroy Don Palmer, C. S.
Harper, V. A. Rossiter, Arthur H.
Domann, Thomas H. Elijah, Keller
E. Watson, J. D. Spensie, Kadja
V. Wolf and Lynn P. Chuning, Or-
ange; Mrs. George S. Briggs, Mrs.
Earl S. Morrow and Mrs. Gustave
D. MacMullan, Santa Ana.

Missionary Society

First Methodist
With Miss Collins, president of
the Woman's Home Missionary so-
ciety of the First M. E. church, pre-
siding over the meeting, an inter-
esting afternoon was enjoyed by
the members at the church parlors
yesterday.

Devotional exercises were
conducted by Mrs. Cox on the theme
of "Bear ye one another's burdens."
Announcement was made that the
group method of working, so suc-
cessful in other places, should be
introduced in the society.

Miss Mabel Krause appeared on
the program giving two beautiful
piano numbers, "Old Black Joe" and
"Deep River" by H. G. Bur-
leigh. Mrs. Clarkson related the
details of the morning program at
the recent day of prayer observed
by the societies of the city. An-
nouncement was made of the meet-
ing of the Federated Missionary so-
ciety on March 29.

Mrs. Charles Hall gave an inter-
esting synopsis of the lesson
chapter of the study book, "The
Trend of the White World" after
which Miss Holt feelingly read the
verses, "The Black Mother's Lulla-
by." Miss Grace Ludwig of the
Queen Esther Circle told the dra-
matic story of a young negro wo-
man and her work in elevating her
race as set forth in an interesting
book "The Vanguard of the Races."

First Congregational
The Woman's Union and Mis-
sionary department of the First
Congregational church met in the
church parlors yesterday for an
all-day meeting, with the morning
session of the union under the di-
rection of the president, Mrs. Mary
Hobart, and the time occupied with
business and sewing.

A picnic lunch enjoyed at the
noon hour was served by the hos-
tesses, Mesdames Tedford, Tal-
cott, Sweet, Tiede and Travis.
After a social hour, the president
of the Missionary department,
Mrs. C. K. Crose, took charge and
Mrs. D. A. Moyley opened the pro-
gram with two delightful piano
solos. Devotional service was most
helpfully conducted by Mrs. J. A.
Bond.

All who had the pleasure of
listening to the review of the con-
cluding chapter of "Building With
India," as given by Mrs. Lucy
Royce, gained an insight into some
of the problems which confront
India at the present time.

Mrs. W. G. Knox sang "In the
Secret of His Presence," accom-
panied by Mrs. W. H. Crose, as a
prelude to a drama which follow-
ed and which portrayed the shad-
ows of India. This presentation
was under the direction of Mrs.
Frederick Eley and Mrs. George
Welshbrecht. Mrs. Royce, Mrs.
Powell and Mrs. Talcott presented
the dark side and Mesdames Knox,
Belser, Moyley, Bruner and Miss
O'Brien the lighter and encourag-
ing side.

A business session followed and
plans were made to entertain the
federated missionary societies of
Santa Ana on March 29 at the
First Congregational church.

United Presbyterian
The Woman's Missionary society
of the United Presbyterian church
met yesterday afternoon at the
home of Mrs. T. L. Warren, 814
Parton street, which was decorated
with sweet peas and treasuries for
the occasion.

The president, Mrs. William
Smart, presided. The meeting was
well attended, forty-five ladies be-
ing present to enjoy the program.
"Building With India" was the
study on the first part of the pro-
gram, and Mrs. E. H. Prince read
an article on "Reform Societies,"
while Mrs. Warren read a paper
on "The New Woman of India."

The second part of the program
was "The Trend of the Negro
World," and papers were read on
the subject by Mrs. June Smiley
and Mrs. Smart.

Mrs. D. C. McGee and Mrs. S. H.
Finley were elected delegates, Mrs.
William Breckenridge and Mrs.
Scott Thompson alternates, to the
Women's Presbytery to be held in
Pasadena, March 27 and 28.

A very enjoyable social hour was
held during which brick ice cream
and cake was served by the follow-
ing committee: Mrs. William
Smart, Mrs. E. H. Prince, Mrs. R.
R. Smith, Mrs. June Smiley, Mrs.
David McBurney and Mrs. Lea
Warren. Two other members of
the committee could not be pre-
sent; they were Mrs. James Smiley
and Mrs. C. Ramsey.

The next meeting will be held in
the church April 4, with Mrs. W.
W. Hoy in charge.

Enlightening Program
On Public Health
Heard at Club

"The watchword of the men of
the world seems to be interna-
tional peace—of the women, inter-
national health, for public health
is the very heart of public happi-
ness," declared Dr. Jessica Raiche
of Anaheim, speaking on the health
conservation program of the Santa
Ana Woman's club.

The club was delightfully en-
tertained at the home of Mrs. W.
E. Talbott, 526 South Broadway,
when the program was presented
by Dr. Raiche and Dr. Evalene
Peo, president of the club. Mrs.
Talbott used massed spring broo-
ches in decorative effect to greet
her guests.

A short business session re-
sulted in the appointment of Mes-
dames C. H. Stanley, Jack Taylor
and I. D. Annis as a housing com-
mittee to arrange for future
meeting places.

Mrs. Asa Vandermast will be the
next hostess when Mrs. Albert
Launer, county chairman of music,
will arrange for a musical pro-
gram and Mrs. Aaron Block of
Costa Mesa, chairman of the coun-
ty federation, will speak.

When the subject of health con-
servation was introduced at the
latest meeting, Mrs. C. F. Crose
added many interesting items to
the general discussion following
the program by relating details of
a Boston visit during which she
was guest of a cousin who super-
intended a Florence Crittenton
home. Mrs. Crose had opportunity
for obtaining first-hand knowledge
of the institution, its manner of
functioning and the great need it
fills.

Dr. Raiche in elaborating on her
theme declared that attainment of
physical well-being must have its
foundations laid in childhood.

"Regular inspection by school
nurses reduced the number of
children absent from school and
prevents the spread of communica-
ble disease. Early correction of
physical ailments aids in making
strong, sturdy bodies for our
young people. It costs much less
to keep a baby alive than to bury
it and costs less to prevent dis-
ease than to cure it."

Introducing a number of inter-
esting statistics in her talk, Dr.
Raiche spoke of the connection
between venereal disease and the
public health and told of the im-
mense strides in educating public
opinion to the point where con-
certed action is fighting such seri-
ous things.

Maternity and infant welfare
were dealt with and enlightening
items regarding such work and its
progress in Denmark, Uruguay,
Chile, Hong Kong and even in
India were related.

In conclusion, Dr. Raiche de-
clared: "Both here and abroad I
find the most concerted and con-
nected efforts being made toward
public health; a strong fight
against tuberculosis and venereal
disease and a wonderful impetus
toward child welfare and both pre-
natal and post-natal care of the
mothers of the world. We, as wo-
men can take great pride in our-
selves, for it is the women of the
world who are accomplishing such
things."

"These are the truly worth-
while things, for children make
their future nations, so mothers
must be educated to care for and
educate the children along these
most important lines. Let us use
our influence for more health
workers, more school and county
health nurses and more health
centers."

Approaching her subject from a
different angle, Dr. Evalene Peo
opened by telling of the content of
the death-rate among young moth-
ers, which, by intelligent methods,
has dropped from 20 per cent to 3
per cent since 1865.

Present day handling of con-
tagious diseases, value of vac-
cination, education of corporations as
to the needs of their workers.
Conservation of child life, though
the child labor laws, and present
day education along all health
lines were spoken of in a most
comprehensive manner and Dr.
Peo's paper was as deeply inter-
esting as was that of the first
speaker.

She ended with a plea for legis-
lation to restrain speed demons.
"We joke and laugh about them,"
she declared, "but we are not re-
sponsible in that we do not help
in some way to stay their mer-
ciless slaying."

World War Veterans
To Be Honored

All of those valiant lads who
served in the World War are ex-
tended a heart-felt invitation from
the Daughters of the American
Revolution to be at the high school
grounds Thursday, March 15 for
the unveiling of the memorial
which the Daughters are present-
ing to the city in honor of those who
served in the recent great war.

With the invitation to the vet-
erans is extended one to all the
patriotic organizations of the city
to be honor guests at the affair to
which all the townspeople are also
urged to come. The unveiling cere-
monies will be held at 11:30 a. m.

Nurses' Association

All members of the Nurses' As-
sociation of District No. 16 are an-
ticipating the lecture to be given
tomorrow by Mrs. Ella B. Con-
selman, R. N., president of the Cali-
fornia State Nurses' association,
who will speak at 2:30 in the after-
noon at the guild room of the
Church of the Messiah, Seventh
and Bush streets.

The nurses, in welcoming their
state president, will be joined by
many interested friends, as an in-
vitation has been extended the gen-
eral public to be present and hear
the talk.

Musical Program
By Santa Ana Artists
Received With Delight

Scoring a decided success in an
appearance before the Anaheim
Ebell club, Ione Tunison Peck,
Miss Mabel Woodworth and Oli-
mae Enlow Matthews were today
receiving the delighted congratula-
tions of their friends and admir-
ers on the program of two-piano
and violin numbers which they
gave.

Mrs. Peck and Miss Woodworth
have arranged an extensive group
of two-piano numbers and have
appeared many times recently,
each time adding to their rapidly
growing list of enthusiastic ad-
mirers. Mrs. Matthews is as well
known musically for the remark-
able technique and spirituality of
her violin playing. The three ar-
tists offer a combination that is
irresistible to a music lover.

The Anaheim recital opened
with "Mozart-Grieg 'Fantasie'"
played charmingly by Mrs. Peck
and Miss Woodworth followed by
Mrs. Matthews in "The Nightingale"
by Alabiet with Mrs. Peck
at the piano. The artists were
all three greeted by storms of ap-
plause.

Mrs. Peck and Miss Woodworth
followed with a Chaminade num-
ber, "Musette and Gavotte" after
which Mrs. Matthews gave an ex-
tremely diversified group of three
compositions, "Waltz" by Brahms-
Hochstein, the "Andante" from
"The Violin Maker of Cremona"
(Hubsy) and "Les Farfadets" as
her final selection.

The program closed with the
two-piano rendition of the Aren-
sky Suite of "Romance," "Waltz,"
and "Polonaise" by Mrs. Peck and
Miss Woodworth after which a
little informal reception was held
during which the members of the
club and their guests greeted the
artists and expressed their pleas-
ure in the afternoon's offering.

Ebell Club

Offering all the charm of a
pleasant social function was yester-
day's opening luncheon of the
Women's Exchange and Tea Room
under the auspices of a group of
members of Ebell club. The new
venture (that of serving a busi-
ness men's luncheon at noon each
day) was under most auspicious
circumstances and a constant
stream of patrons offered ample
testimony to an appreciation of
home cooked delicacies at a nom-
inal price.

With Mrs. George Balderston as
chairman of yesterday's commit-
tee, an appetizing menu was
served by a group of "waitresses"
drawn from the membership of the
Second Ebell Travelers and com-
prising Mrs. Balderston, Mrs.
George Reyburn, and Mrs. C. E.
Moore. The trio asserted un-
blushingly that any "green-ness"
they possessed was because they
were the first to serve in St. Pat-
rick's own month.

Luncheons will continue to be
a daily feature and will no doubt
be splendidly patronized, partly
due to the delicious foods offered,
and partly to the friendly charm
of the tea-room.

Personals

Commander and Mrs. I. F. Landis
have completed a pleasant two-
weeks' stay in Los Angeles and
are again at the home of Mrs.
Landis' sister, Mrs. Roy Hall, 420
South Birch street where they will
remain for a visit of indefinite
length.

Miss Isabel Anderson of Santa
Ana Junior College and High
School faculty was in Anaheim to-
day where she spoke at a meeting
of the Anaheim Business and Pro-
fessional Women's club at the
Elks' club.

Mr. and Mrs. W. H. Crose, after
a three month's vacation spent in
Long Beach and Arizona, have re-
turned to their home, 622 Riverline
street where they will welcome
their many friends.

A happy house party which has
been in session at the home of
Mrs. A. J. Schlusman, 1201 West
Fifth street, was concluded today
with the return to their home of
Mr. and Mrs. A. C. Schaudt, Mrs. J.
Nelson, Mr. Matt McKay, Mrs.
Smith of Sierra Madre, and Mr. and
Mrs. Glen Schlusman of San Diego.

Miss Elizabeth Newlands of Lo-
rain, Ohio, arrived yesterday for
an extended visit with friends in
this city.

Five Hundred Club
In Merry Session
At Joplin Home

One of the usual merry gather-
ings of the Five Hundred club was
enjoyed by its members when they
were entertained Tuesday night by
Miss Rebecca Joplin at her home,
634 Parton street.

The chosen amusement of the
club which gives it its name, oc-
cupied the evening hours and at
the close of the spirited and friend-
ly contest, Miss Gwendolyn Hoyle
was declared victor and presented
with a pretty sewing basket, while
a wee bottle of fine perfume was
given to Miss Glenna Jean Hill as
consolation.

Miss Joplin used tulips to deck
the card tables for the refresh-
ment hour when she served tuna
salad followed by hot chocolate,
sugared walnuts, peaches and cake.

Her guests for the affair were
Mrs. Mauriel Chesnut, Mrs. Mary
Johnson, Mrs. Atlanta Cole, Mrs.
Myrtle Handy, Miss Glenna Jean
Hill, Miss Gwendolyn Hoyle and
Miss Elsie Wylie.

Plans Kept Dark
For J. C. Party

Young men of Santa Ana Junior
College having already entertained
and the faculty having given its
annual party, the coeds of the col-
lege will now show them all how it
is done, at least so they have an-
nounced in making their plans for
the big Junior College party to be
held in the high school gymnasium,
Friday night, March 9, at which
time they will be hostesses to the
boys and the faculty members.

Not disclosing their plans, the
girls nevertheless have intimated
that there will be features during
the evening which will put all other
college entertainments in the
shade.

Daughters of Veterans

The recent entertainment given
by the Sarah A. Rounds Tent No.
10, Daughters of Veterans, netted
the sum of eighty dollars for the
benefit of the Soldiers' Widows'
Home at Sawtelle, according to a
report offered by Mrs. Lois Lentz,
general chairman, at the recent
meeting of the Tent.

The organization expressed a
lively appreciation for the work of
Mrs. Lentz and all those who aided
her so generously by giving of
their time and talents.

Mrs. Almada Smith was greeted
as a new member. During the so-
cial hour the members discussed
with much pleasure the merry time
enjoyed at the recent pot-luck din-
ner at the home of Mrs. Thomas.

JUDGE DECIDES ZONING LAWS NOT LEGAL

With Santa Ana's zoning ordinance cast into the discard by the present city council in anticipation that the new board, which will be elected next month, will revise the ordinance, Santa Anans today were keenly interested in the announcement from San Bernardino that Benjamin F. Warner, judge of the superior court of San Bernardino county, had rendered a decision declaring that zoning ordinances are a direct violation of the provisions of Article XIV of the Constitution of the United States.

He held that the article gave the individual property owner the right to erect any kind of building he may desire to erect on his property so long as such building conforms with health and safety laws.

Clyde Bishop, special city counsel for Santa Ana, said that the decision was no surprise to him.

Doubts Law's Legality.
During the agitation here a few months ago, when the city council adopted a zoning ordinance in an effort to prevent business house construction on the corner of Washington avenue and Main street, Bishop frequently questioned the right of the council to deny the owner the right to erect the buildings.

City Attorney William Guthrie, of San Bernardino, has announced his intention to appeal the decision to the supreme court and the city council of Los Angeles has directed the city attorney of that city to co-operate with the San Bernardino attorney in prosecuting the appeal.

Cities Interested.
All cities operating with zoning ordinances are deeply concerned in the decision and authorities will watch with the keenest interest proceedings in the case.

The decision came in hearing of a petition for a writ of mandamus filed by a property owner, whom the city council denied a permit to erect a store building in the city's most exclusive residential district.

In his legal decision, Judge Warner declared the zoning ordinance of San Bernardino is an invasion of the legal rights of property owners.

"If legal at all, it would have to fall within the police power of the city," reads the decision. "This power extends to public health, public safety and public peace."

SCHOOL REALIZES MONEY FROM WELL

County School Superintendent R. P. Mitchell has deposited with the county treasurer \$2,893.90 for the Huntington Beach union high school district, it was learned today.

The money was received as royalty for an oil well situated on the high school grounds at Huntington Beach, and is the second deposit made as the result of the drilling of the well by the Petroleum Midway. The first check was deposited last May. It was for \$31,000.

The well has not been doing much. Principal Jones, of the high school, stated that the Petroleum Midway is awaiting developments in another well that is near the high school well. If developments prove satisfactory, the high school well will probably be deepened and the well made into a big well. At present it is not looked upon as much of a well, as the deposit of \$2,893.90 represents the royalties since last May.

MUSIC ACTIVITIES OF STUDENTS MANY

Booked for a full schedule of programs, the high school and junior college music departments here are putting in all their extra hours on rehearsals, it was learned today.

The junior college mixed chorus and Girls' Glee club were entertaining at the high school assembly today.

Journeying to Wilmington, the high school boys' quartette will sing at the high school there tomorrow night and the high school Boys' Glee club is scheduled to sing at the John Muir Parent-Teacher association meeting here Tuesday night.

The high school Parent-Teacher association today was to hear numbers from the junior college Girls' Glee club, which, with the college mixed chorus, is also busy on plans for the opera "Martha," selections from which are to be given here early in May.

The singers for the high school operetta "Bulbul," are to be chosen late this week as the operetta will be given the middle of April. Miss Margaret Wickes, head of the high school and college music departments is planning big things for music in the county, it was said.

SPEEDER WHO TRIED TO FLEE ENDS TERM

After spending 30 days in the county jail for speeding, R. Treges was free today.

Treges was arrested by Motorcycle Officer O. K. Carr, who claimed that he travelled 62 miles an hour through a trap, and that later, in an effort to escape, he went 73 miles an hour.

Treges was sentenced by Justice J. B. Cox

MAN IS INJURED AS AUTOMOBILES CRASH

W. P. Bradford, Newport Beach, today was suffering from injuries to his side as a result of an automobile collision at El Modena yesterday, according to a report on file at the sheriff's office today.

Cars driven by George August, 508 1-2 North Main street, and J. Irvine, Long Beach, collided, according to August's report. Both machines were traveling slowly, and the force of the impact was slight, it was said. Bradford was riding with August.

SUPREME COURT RULING HITS FLOOD AREA

With the supreme court, in an en banc opinion, in San Francisco, yesterday handing down a decision that the Newbert Protection district can be sued for damages, a lawsuit filed five years ago against the district by the Pacific Seaside Home for Children, to recover damages, will come to trial in the Orange county courts in the near future, it was expected today.

In the heavy flooding of 1915, when waters of the Santa Ana river swamped the lowlands south of Talbert and finally broke through to the ocean at a point near the Pacific Seaside home, the property of the latter was damaged, and suit was brought to recover damage in the amount of \$6000 or \$7000.

The point was raised as to whether the district could be sued and was carried through the appellate court to the supreme court on demurrer. The appellate court held that the district could not be sued.

JUBILEE SINGERS' PROGRAM ATTRACTS

When patrons of the junior high school concert course gather at the auditorium of that school tonight to hear the California Jubilee All-Star quartette they will have the pleasure of hearing the genuine melodies of the sunny south, seeing a clever cartoonist and listening to Paul Lawrence Dunbar's poetic best, it was declared today.

The program offered by the colored quartette is said to be so varied that it cannot help but please the most captious. Their repertoire includes plantation melodies, negro jubilee songs, folk songs and both classical and popular numbers.

In Mr. Morris, first tenor, is a cartoonist of decided ability and he is often referred to as the funniest artist before an easel. As a special feature, he draws a picture upside down.

Mr. Walker, the second tenor, is a gifted young singer with a very pleasing voice of sympathetic quality. His accomplishments on the guitar add to the Southern tone of the program. Mr. Stewart, the baritone, finished his musical training in Europe. He has an excellent voice of wide range and a complete mastery of the piano. He plays the most difficult selections from the old masters with a grace and ease that is refreshing. Frequent reference is made to him in the press as "The Black Paderewski." Mr. Browne, the bass-baritone, is conceded to be one of the best jubilee singers America has ever known. This quartet is indeed fortunate in having him as a foundation for their harmony. Everyone likes to hear a bass sing down in the depth, and Mr. Browne makes no effort in dropping down, down, down to a low "B," his genial smile increasing with every lower tone. He is decidedly clever at imitating the typical plantation dandy in his dialect numbers, usually those written by Dunbar, the famous negro poet.

\$125,000 FIRE DAMAGE
SAN FRANCISCO, March 8. — Fire swept the plant of the Pacific Foundry company and the Mission Stove and Foundry company here early today doing \$125,000 damage. Flames shot high in the air, lighting up the Mission district of the city with a spectacular brilliancy.

Jacob Greenberg, a shoemaker and bootblack at Boston, Mass., has attended to business so well that his two daughters and two sons will receive college educations. One daughter graduated from Radcliffe last June and one son is a senior at Harvard. The other two children are preparing for collegiate careers.

No remedy can cure all ailments of the human body, but an immense number of people suffer from aches, pains and diseases when their blood is deficient in iron. It is the iron in your blood that enables you to get the nourishment out of your food. Without iron your food merely passes through you without doing you any good; you don't get the strength out of it. There is one universal remedy that has helped thousands because it contains iron like the iron in fresh vegetables and like the iron in your blood.

NUXATED IRON

is an eminent physician's best blood prescription, standardized. It is recommended for all anemic and run-down conditions. It has helped thousands of others. It should help you. Ask for it at any drug store.

White Cross Drug Co., and C. S. Kelly.

DRAINAGE AREA BOND VOTE IS KNOCKED OUT

The Garden Grove drainage district will again have to vote bonds if the purposes for which the district was organized are carried out, for the supreme court has reversed the Orange county court and held irregular proceedings under which bonds in the sum of \$150,000 were recently voted, it was learned today.

Bishop and Wellington, attorneys for protestants to creation of the district, appealed from the decision of the local court holding the election regular and the bonds legal. The supreme court sustained them in their plea that the election was irregular. Head and Rutan represented the district in his legal proceedings.

The error came in the way of the board of directors calling an election without the formality of a petition from property owners in the district.

Two elections have been held in the district. In the first, initiated by petition, the issue failed. Later the directors called an election, without being petitioned to do so, and the bonds carried. The supreme court holds that procedure in the second election should have been the same as in the first.

COUNTY GETS \$45,000 IN CAL. SCHOOL COIN

Elementary schools of Orange county will receive \$45,000 in the second annual apportionment of state school moneys, it became known here today, following announcement of the distribution by Will C. Wood, state superintendent of public instruction, Sacramento.

The total for the second distribution is \$2,296,620, making a total for the year of \$13,775,220.

Based on daily average attendance, Los Angeles county receives the highest amount of any county in the state, the apportionment for that county being \$635,485. San Francisco receives \$225,630.

The two counties named and Fresno, Sacramento, San Diego, San Joaquin and Santa Clara are the only counties receiving more state money than this county.

FIGHT RESULTS

OAKLAND—Solly Seaman won a decision in the mal event of the four round card here last night, over Ted O'Hara.

BURGLARS ENTER DYE WORKS, TAKE NOTHING

Constable Jesse Elliott was today investigating a report of burglary, rendered at the sheriff's office by the proprietor of a dye works at 408 1-2 West Fourth street.

According to the report, some one cut the screen at the rear door, and entered the building. Nothing was missing, an investigation disclosed, and Elliott and the proprietor were at loss to account for a motive for the entry.

S. A. BOOSTER CLUB DINNER TO BE HELD TOMORROW

President of Greater Alhambra Club Featured On Big Program TO BOOST ADVERTISING Cooperation of All Business Men Expected to Make Campaign Success

Declaring that "you will learn, as your program proceeds, that the first real good from this community effort really comes to your own people," West L. Moulder, president of the Greater Alhambra club, today advised Everett A. White, president of the Greater Santa Ana club, that three men of that club would be present at the community dinner at St. Ann's Inn tomorrow evening at 6:30 o'clock, to rectify the benefits that have accrued by the advertising program conducted by Alhambra.

According to Moulder, the club has 550 members, all boosting for Alhambra and imbued with a strong desire to tell others the good they may receive by settling in their community.

Pointing out that several communities are now engaged in advertising campaigns in Los Angeles papers, White said that it is necessary for Santa Ana to take a similar course as a matter of self protection.

Make Burden Light

Asserting that if business men and property owners would cooperate in contributing to the fund, White said that the burden would be light on each. He expressed the belief that the campaign would result in a wonderful impetus in the development of a greater population, with possible

(Continued on Page 8.)

Braun Acquires North Ross Street Lots; Plans Buildings

In possession for many years of F. O. Daniel, attorney, who died at the home of his son in Los Angeles recently, three lots on North Ross street, near Sixth, today had passed to the possession of George Braun.

According to reports, Braun contemplates valuable improvements on the lots, with prospect of the building program being carried out in the immediate future.

The price paid for the three lots was not revealed, but it was understood that Braun passed over a sum of money that established a good valuation on property in the immediate vicinity.

TUBBS TO BUILD HOME IN OWENS' MAIN ST. TRACT

J. W. Tubbs, councilman from the second ward, today was considering plans for the erection of a new residence at 2639 North Main street, in the I. J. Owens subdivision, following purchase of the lot from his brother, Lester Tubbs, who owns a residence immediately to the south.

Tubbs originally contemplated a residence on his vacant lot on Main street, a few lots north of Seventeenth street. He declared that in view of the fact that Main street has been opened to business, and that two lots adjoining him are vacant, he did not desire to take the chance of building a home there and having business houses built next to him.

The councilman stated that he anticipated completion of his new home by the end of the coming summer.

ALLEGED FORGER ILL.

Samuel Hansen, whose appeal from a judgment finding his guilty of forging a deed to Fairview property is pending, was seized with a serious attack of heart trouble at the county jail here today, it was learned. Hansen refused to be removed to the county hospital, even though an ambulance was summoned.

NEW CHURCH TO COST \$75,000 IS PLANNED

Minister Sees Need for Edifice Account Growing Population in City

Revealing today that there are 600 inhabited dwellings within a stone's throw of the corner of Richland and Van Ness avenues, and declaring that there are 250 children there who do not receive religious instruction, the Rev. H. G. Burgess, pastor of the Richland Avenue Methodist church, today disclosed plans that he and his congregation have for the erection of a \$75,000 or \$75,000 church edifice on the northeast corner of the two streets.

Three lots on the corner have been purchased and a building committee has been appointed to visit other churches and make investigations upon which will be based final determination of the size and character of the new edifice.

Committee Named

The committee is composed of G. A. Barrows, W. Damp, R. E. Bruff, Mrs. J. Evans and Iva M. Webber.

"And this is to be our contribution to a Greater Santa Ana, and in this construction we are going to help to supply our greatest need—religious opportunity and education," said the pastor.

Need More Room

At the same time he pointed out that with the rapid growth in the southern part of the city, the present edifice of the Richland Avenue church congregation is entirely inadequate to the needs of the organization and the community.

"At present we have accommodations in our Sunday school for 100 children and 200 are attending regularly," said the Rev. Mr. Burgess. "For adults we have seating capacity for 100 and could easily have an attendance of 500 if we had the accommodations. We need the new building to meet the growth of our church and supply a need of the community in which it is located—and we are going to have the larger church."

THORNTON FINISHING TUSTIN SCHOOL PLANS

H. Newton Thornton, Santa Ana architect, said today that he would have the plans for the four-room addition to the Tustin grammar school completed this week. Cost of the addition was estimated at \$30,000.

The plans as sketched show that the four additional rooms will be built at the rear of the school surrounding the present courtyard and thereby creating an artistic patio.

'JEFF' MAY RECOUP LOSSES IN MOVIES

LOS ANGELES, March 8.—James J. Jeffries, former world's heavyweight champion, whose financial affairs are now in the hands of a federal referee in bankruptcy, has had three offers to go into the movies, and will probably accept one of them, it is said.

Incidentally it was revealed that Jeffries' beautiful 103-acre farm near Burbank, worth nearly \$200,000, is in Mrs. Jeffries' name, the trustee having given it to her immediately following its purchase some years ago.

"Every one of my creditors will be paid in full, in time," Jeffries said today. "No man will be able to say I have failed in meeting an honest obligation."

"But I'm not exactly ready to apply to the Salvation Army yet."

CONFERRING ON LINKING CALIF.-NEV. ROADS

SACRAMENTO, March 8.—Governor Richardson was back at the capitol today following a one-day trip to Reno, Nev., where with Chairman Harvey Toy and members of the highway commission, he conferred with Nevada officials regarding the proposal to joining the Truckee river highway with the system of the adjoining state.

Both Governor Richardson and Chairman Toy expressed opinions favoring the scheme, the governor declaring he was anxious to see the highway departments of the two states work together on the problems of road construction.

Governor Scruggs of Nevada expressed a desire to co-operate with California in the project.

Governor Richardson addressed the Nevada legislature in the afternoon.

Rousselle Looks For New (Realty) Worlds to Conquer

Opening Edgewood park after the first of this year, A. B. Rousselle today reported that he had sold all but three of the forty-nine tracts in the subdivision. Leading the way in subdivisions in the southern part of the city, Rousselle also took the lead in north-end subdivisions, and has sold his tract in the latter section in less than two months. He is now looking for "more worlds to conquer."

"Some persons may think I am over-optimistic, but I firmly believe that every lot in subdivisions now plotted and contemplated in Santa Ana will be rapidly absorbed," said the subdivider.

GAS CO. PLANS TO MEET NEW DEMANDS

Determined to keep abreast of the times and demand, the Southern Counties Gas company in 1923 will more than duplicate its record of 1922 in providing equipment for meeting the increasing demands of the Southland, according to a statement credited to F. S. Wade, president of the company.

Extensive improvements in the plant and equipment in Santa Ana and Orange county is in the contemplated expenditures for 1923.

At the recent meeting of the Pacific Coast Gas association at Oakland, it was revealed that during last year more than \$10,000,000 was expended by the gas utilities of Southern California for betterments and improvements in order to enable them to meet the constantly increasing demands for gas.

Wade, who is president of the association as well as general manager of the Southern Counties Gas company, points out that the gas shortage of the previous year did not recur in 1922. He says the expenditure of millions of dollars for holder capacity, compressor equipment, and transmission and distribution mains enabled the gas companies of Southern California adequately to meet all demands for service.

FURNITURE STORE TO OPEN ON W. FOURTH

I. Rubin, and his father-in-law, S. Goldman, today were making preparations for opening a furniture store at 1701 West Fourth street, following completion of a building at that address. The business will be operated under the name of the West End Furniture company, according to an announcement.

In military life for twenty-two years, fifteen of which were spent at Fort Rosecrans, San Diego, Rubin was induced by his father-in-law to quit the service and engage in the furniture business in that city. They decided the first of the year to come to Santa Ana.

"We came to Santa Ana after investigating many sections of the state," said Rubin. "After a careful survey of the business situation in Santa Ana we decided to locate our enterprise in the west end district on West Fourth street."

"The outlook here is very promising. As to our individual enterprise, we anticipate success. Operating in our own building and conducting the business ourselves will lessen our overhead, and these factors will be reflected in the prices we will quote on our merchandise."

SANTA ANA BUYS COSTA MESA HOME

COSTA MESA, March 8.—The two and one-half-acre home of Mr. Larsen on Santa Ana street, near Fifteenth, has been sold to Mr. Butka, of Santa Ana, formerly of Montana.

Mr. Butka owns the garage on Fifth street, Santa Ana, known as Dick's garage. He expects to move into his Costa Mesa home soon. Bixler and Russell negotiated the transaction.

JAIL ALLEGED BOOTLEGGER

JOEL HUTCHISON was in the county jail today, serving 90 days in default of \$300 fine imposed by City Recorder W. F. Heathman when he pleaded guilty to charges of bootlegging. Hutchison was released when he promised to secure the fine money, but when he failed, he was incarcerated.

HOME INDUSTRY TO ERECT 'Y' BUILDING

Contractor Says He Will Use Local Labor and Materials in Work

Local labor and local materials will go into the construction of the Santa Ana Y. M. C. A. building at Sycamore and Church streets.

Frank Hudson, Los Angeles contractor, who now has the hall of records in courthouse square here in course of construction, when awarded the contract for the "Y" building said that he would, as far as possible under the terms of the contract, use only local labor and local materials in the building. He will begin work immediately, he said.

"Erection and equipping of the athletic clubhouse and association headquarters calls for an expenditure estimated at \$200,000."

To Let Sub-Contracts

Sub-contracts, according to estimates made by R. C. Smedley, building secretary of the S. A. Y., total \$60,000.

Plans for the building drawn by Frederick H. Eley show that the three-story structure will be characterized by many broad open spaces within its modern walls.

The men's lobby will measure 30x30 feet. A similar entrance lobby will open into the boys' department. The main gymnasium will be 50x80 feet.

To Build 'Gym' Later

The auxiliary gymnasium, of smaller size, will be built, according to vote of the S. A. Y., after the main building has been completed. This course was taken due to funds being insufficient at this time, whereas it was believed that raising the extra funds would be a simple matter a few months hence, S. H. Finley, president, said.

One of the features of the building will be the open patio in the center of the building covering an area 40x50 feet.

SCHOOL AT OLIVE DISMISSED BECAUSE OF MILD EPIDEMIC

OLIVE, March 8.—Alarmed by increased sickness in the district, much of it attributed to influenza, school authorities dismissed school at noon yesterday until conditions improve. More than one-third of the pupils in the elementary school at Canyon City are reported to be out of school on account of illness.

Many of the cases have been pronounced mild attacks of the flu. School will reconvene Monday morning to permit authorities to make another check to determine whether the epidemic is subsiding.

JAIL PILOT AS \$250 BOND IS WITHDRAWN

Released Monday under \$250 for his appearance to answer on charges of operating an automobile while under the influence of intoxicating liquor, Everett Webster, 40, was held in the county jail today.

The man who went his bond had secured the money again, and Webster was scheduled to remain in jail until the entire proceedings against him are concluded.

NON-SUPPORT CHARGED

William J. Oelke failed to support his 4-year-old daughter, Cora, according to a complaint secured today through the district attorney's office, by his wife, Osa Oelke.

Income Tax Returns Prepared, Elmer B. Burns, Room 11, Rowley Block, Santa Ana, Calif. Phone 2140. "Dependable Service Based on Experience."

KEEP LOOKING YOUNG It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities.

Dr. Edwards' Olive Tablets are known by their olive color. 15c and 30c. —Adv.

Record Crowd Urged to Attend Booster Dinner

There should be a record-breaking crowd at St. Ann's Inn tomorrow evening. It should be a record crowd in numbers and in interest, for the subject to be considered is of prime importance to the future development of Santa Ana.

The aim and purpose of those attending is to help make this city a "greater Santa Ana." In order to increase their usefulness in the world, cities must progress.

Santa Ana has entered into an era of development. How far it will go, how fast it will travel—these are matters that are not mere matters of chance. Cities are man-made. It is the city that puts brains and energy into its upbuilding that goes the furthest and gets there quickest.

Details of the project of the Greater Santa Ana club are to be discussed tomorrow evening. Information concerning the situation and the project is to be given. The citizen who is interested in the future of Santa Ana ought to be on hand that he may know what it is all about.

ADDITIONAL OLESONS PRY LOOSE FROM OLD HAUNTS, ARRIVE HERE

The Olesons continue to arrive in Santa Ana to establish homes.

The latest arrival is Edwin M. Oleson, a brother of C. E. L. A. Oleson and M. J., all of whom have arrived here at different periods in the past year, deserting their old home of Wells, Minn.

The new arrival is accompanied by his wife and two children and the family today was moving into 909 West Bishop street.

The first of the Oleson family to arrive was C. E. Oleson, a member of the real estate firm of Irvin and Oleson. Letters to the brothers extolling the wonders of Santa Ana resulted in each of them prying loose, one at a time, from their old haunts and seeking health and wealth in this city.

QUICK TIME MADE IN OAKMONT SALES

Inquiries for lots in Oakmont, the new subdivision of the Santa Land company, at the corner of Santa Clara avenue and Santiago street, prove that the building activity in this city is to meet the present demand of home-seekers and not merely speculators.

The opinion of J. C. Wallace, sales manager for the subdivision, Wallace stated that ninety per cent of the inquiries have been by persons who seek permanent homes and who appreciate the value of the location and contemplated improvements at Oakmont.

Installation of public utilities on the tract has progressed rapidly during the week. The sewer installations are virtually completed and work on sidewalks and curbs is well under way.

Wallace reports a number of sales have been made since the opening of the tract one week ago. Stanley Reinhaus, local attorney, has taken the lead in initiating building. He is erecting an attractive home, of Spanish type. According to Wallace, plans are being prepared for other residences, with indications that construction will begin at once.

Particular attention is being given to planning exteriors of dwellings to be erected in the tract. Distinctive features are being developed, yet producing a harmonious effect of the whole. Wallace announced that A. P. Stock, who has just arrived here from Peterborough, Canada, has been added to his sales force, with particular attention being given to the sale of lots in Oakmont.

WOMAN BOOTH DISPLAY HEAD AT ORANGE SHOW

That a Santa Ana woman was in charge of the display booth of Harris Brothers, of San Bernardino, which won first premium for booths of its character at the National Orange show there, was revealed here today, when it was announced that Mrs. Martha F. Evans, 840 North Birch street, directed the display.

Mrs. Evans was in San Bernardino visiting her sister, Mrs. LeRoy Hawkins, whose husband is window dresser for Harris Brothers, and who arranged the display.

REPORT SALES IN NEWPORT RD. TRACT

Santa Ana Heights, Unit No. 2, continues to attract home-seekers desirous of securing plots of ground ranging from one-half to ten acres in size, according to William McCoy, who is in charge of the Newport Road tract. McCoy reports the sale of 5 1/2 acres during the past two weeks to the following buyers: Albert Gude, Los Angeles, 10 acres; Annan Cook, Pomona, 5 acres; P. R. Jordan, Kansas City, 5 acres; J. B. Young, Los Angeles, 5 acres; W. Ludlam, Balboa, 1 acre; C. B. Drummond, Santa Ana, 1/2 acre; G. R. Durning, Los Angeles, 5 acres; Robert Melvin Jones, Long Beach, 10 acres; L. C. Chase, Los Angeles, 5 acres; and John Cubbon, Santa Ana, an additional 5 acres to be set in Valencia.

POWER COMPANY MAKES BUDGET BIG TO EQUAL S. A. GROWTH

Southern California Edison Plans Big Development In This District

NEW BUSINESS DEMANDS

Program Only Sufficient to Care for Needs for Few Years, Prophecy

Acknowledging the fact that Santa Ana and surrounding communities in Orange county are growing beyond the limits of any establishment precedent, the Southern California Edison company in announcing its 1923 budget for this district declared that it does not expect additions to its power service contemplated here to be adequate to take care of Santa Ana's growth for more than two or three years.

Yet the company stated it would spend this year more than one and one-half million dollars to bring power from the high Sierras and distribute it here.

"More than one and one-half million dollars is the proportion of the Southern California Edison company's budget for 1923, which will be allocated to the use of its Santa Ana district, which consists of the important towns of Santa Ana, Anaheim, Garden Grove, Huntington Beach, Laguna, Newport and Orange, and the intervening territory," said District Manager W. L. Deimling today.

To Expend Vast Sum

"Of this, \$1,150,000 will be spent in the high Sierras and upon the transmission lines that bring power to Santa Ana, and about \$409,500 will be spent in the district itself.

"Out of the company's total budget of \$2,000,000 for 1923, about \$16,000,000 will be spent in the mountains for new power development and for transmission lines to bring the power to points of use.

"A total of 125,000 new horsepower will be added to the system during the year and Santa Ana's portion of this amount, when connected up and made to do service for various purposes during the year, will be adequate to take care of 5,700 new houses, 54 new factories, and to provide for an increased population of 28,000; besides providing for more intensive cultivation of 28,000 new acres of land that could be made more productive by electric irrigation.

Growing Fast

"I do not believe, however, that this new provision for power, large as it is, will be more than adequate to take care of Santa Ana's

Stocks, Markets and Financial News

WALL ST. JOURNAL
FINANCIAL REVIEWMarket Withstands At-
tempt of Professionals to
Bring Decline

NEW YORK, March 8.—Today's stock market was unshaken by a raid on the general list around noon, following a session of further pronounced buoyancy in the morning. Optimism bore the brunt of the maintenance of the discount rate at a 4.2 per cent level was abruptly checked by this professional maneuver and the whole market had an appearance of decided weakness at 12 o'clock.

If the bearish contingent expected to start a selling movement through this strategy they were badly disappointed. Substantial recessions were borne among the industrial leaders like Baldwin, American Locomotive, Studebaker, California Petroleum, American Woolen and Corn Products. But as soon as the pressure was lifted the whole list rebounded vigorously and fresh forward movements were started.

As the net results of the day's activities, the market appeared in a better shape from a technical standpoint. The market closed lower.

Closing prices included:
U. S. Steel 107 7/8, off 3/4; Republic 61 1/8, up 1/8; Baldwin 140, off 1/8; American Locomotive 132 1/2, off 1/2; Coaden 40 3/4, up 1/4; Pan American 22, off 1/8; Texas company 51 3/4; Calif. Petroleum 58 5/8, off 7/8; Studebaker 121 3/4, off 1/8; Rubber 61 1/8, off 1/8; American Can 103 7/8; American Woolen 104 3/4, off 1/4; Stewart Warner 115, off 1/4; American T. and T. 125; Cuban Cane preferred 88; Central Leather 35; Anaconda 52 3/4, off 1/4; B. and O. 53 1/4, off 1/4; New York Central 97 1/2, off 1/2; Reading 73 3/4, off 3/4.

Citrus Market

NEW YORK, March 8.—Twenty-three cars oranges, no lemons sold today.
Oranges 10 to 20c higher. Averages ranged from \$2.96 to \$5.63; highest price paid for ten boxes Toucan, \$6.50.

Weather fair; 8 a. m. temperature, 24.

Orange county citrus fruit was scarce on eastern markets yesterday, only one brand of oranges from the Northern Orange County Fruit exchange being sold. This was the Carmelite brand and was disposed of on the St. Louis market at \$4.40 per box. No lemons sold.

PRICES IRREGULAR
ON CHICAGO BOARD

(By United Press Leased Wire)
CHICAGO, March 8.—Grain prices were irregular on a dull market at the close of the Chicago board of trade here today.

Trading in wheat was confined to local houses. Trade took on the disposition to await the government crop report. The India wheat crop yield was reported 90 per cent of normal. There was a heavy demand from Argentine wheat for export.

Corn was dull. Reports that heavy Argentine shipments were being worked for export caused fractional declines. Receipts were smaller and traders believe the corn run about ended.
Influenced by other grains, oats declined fractionally. A few small lots were taken by local commission houses. Receipts of one hundred cars today was larger than the trade expected. Argentine shipments increased over that of last week.

SANTA ANA BRANCH
PACIFIC-SOUTHWEST TRUST & SAVINGS BANK
Formerly The California National Bank

We Give Two Kinds of Interest—
Personal and 4%!

Your possession of a savings account in the Farmers and Merchants is far more important than our pleasure in carrying your account. Most of our talks to you in this newspaper have been a constant urge to start a savings account, add to it regularly, and trying to point out its advantages.

We are interested in the individual—it's good for Santa Ana to have many persons who save regularly—it's a big thing for YOU.

You get PERSONAL interest at the Farmers and Merchants—as well as 4% interest on your savings!

The FARMERS and MERCHANTS SAVINGS BANK
And the FIRST NATIONAL BANK

Trading Moderate on L. A. Markets
LOS ANGELES, March 8.—Trading today was moderate, exceptions being cabbage, peppers, Imperial lettuce and potatoes. Apples are selling slowly and much ordinary stock is being cleaned up. Onions are dull and inactive but potatoes are firm. Tomatoes advanced on fancy stock.
Artichokes, \$1.75 to \$2.00.
Asparagus, local, 60 to 65. Imperial valley, 40 to 55.
Bunched vegetables: Beets, carrots and turnips, 30; spinach, 20 to 25.
Celery, local, \$2.50 to \$2.75.
Garlic, Mexican and northern, few best, 12 to 15.
Grapefruit, Arizona, \$4.50.
Grapefruit, local, \$2.50 to \$3.00.
Lemons, per crate, \$2.75 to \$3.00.
Lettuce, local, best, 60 to 80.
Lettuce, Imperial valley, best, large, \$2.00 to \$2.25.
Onions, Stockton Brown and Yellow, \$2.00 to \$2.25; white, best, \$3.75. Imperial Spanish \$5.25 to \$5.75; mostly \$5.50 per cwt.
Orange, northern special brand navel, \$3.25 to \$4.50.
Peppers, local, 16 to 18; chills, 20 to 22.
Mexican chills, 25 to 26; bells, 20 to 22.
Potatoes, northern Rivers, \$1.20 to \$1.40; Idaho russets, \$1.55 to \$1.75.
Sweet potatoes, Arkansas Nancy Halls, \$2.00 to \$2.25 per crate, local Jessup, 2 1/2 to 3 1/2 per lb.
Squash, Italian, \$1.25.
Tomatoes, Mexican, pink, \$1.60 to \$1.90.

Butter, Eggs, Poultry
LOS ANGELES, March 8.—Butter, extra, 64.
Eggs, extra 26; case count, 23; pullets, 23.
Hens, 26 to 28.
Broilers, 1 to 1 1/2 pounds, 42; fryers, 2 1/4 to 3 pounds, 42.
Ducks, 20; ducklings, 22.
Turkeys, young toms, dressed, 35; hens, 32; old toms, 30.
Hares, 12 to 15.

STRAWBERRIES HIGH ON S. F. MARKETS
(By United Press Leased Wire)
SAN FRANCISCO, March 8.—Seven crates of strawberries were received from Imperial valley and were sold at \$7 per crate of 15 baskets. These berries showed some improvement in quality.
There was a sharp advance on all grades of lettuce. Fancy fresh stock of Imperial valley was selling from \$2.50 to \$2.75 per crate, with smaller sizes selling as low as \$2.25.
A weaker tone is noticed on celery. Best Chula Vista celery is now selling locally at \$4 to \$4.50 per crate.
Four boxes of asparagus were the early receipts. Cooler weather is holding back the crop and best asparagus sold up to 50 cents a pound.
Demand for most classes of poultry was slow, with no change in prices reported. One car of live poultry was received from Oklahoma. Dressed poultry to the amount of 3,337 pounds was received by express.

BEGIN DRILLING ON THREE H. B. WELLS
The report of the state mining bureau, department of petroleum and gas, for the week ending March 3, shows drilling starting on three wells in the Huntington Beach field during that period. The new wells are being put down by Milkey-Keck Oil company, George F. Getty and the Standard Oil company.
Eleven tests for water shut-off were made in Orange county fields during the same period. Eight of these tests were made at Huntington Beach, one on the well of the Brea-Olinda field, another on the Union Oil company well on the Morse lease at Richfield, and the other on the Shell company well on the Pico lease in the Brea-Olinda field. Tests were made at Huntington Beach by the following concerns: Standard, 3; Milkey-Keck, 3; Jameson Petroleum company and Shell Oil company.
Work looking toward the deepening or redrilling of present wells was started on two wells, one on the M. H. Mosier special at Huntington Beach and the other the West Coast Oil company well in the Brea-Olinda field.

BEACH LOT TITLE IS
INVOLVED IN SUIT

Title to a lot at Laguna Beach was in question in a suit filed in superior court here today against Public Administrator C. D. Brown by Dora E. May.

Brown was administrator of the estate of the late Henry Goff, who died March 17, 1921, it was said. The administrator included in the estate a parcel of land at Laguna, to which the plaintiff claims title.

Aroused by the startling discovery that half the school children in Philadelphia, Pa. have never seen a cow or even pig, Dr. Gladys Ide, director of special education, has announced that a committee of educators will be organized to write a new reader that will familiarize the city children by word and picture with the ordinary domestic animals.

ILLNESS OF JUROR'S WIFE HALTS TRIAL
MARION, Ill., March 8.—An indefinite recess in the second Herrin massacre was ordered today by Judge D. T. Hartwell to allow Nathan Barnes, one of the jurors, to go to the bedside of his wife, who was reported seriously ill.

OUR THE TASK
To safeguard the resources of the people and the institutions of this community, and furnish them with a full and complete banking service, courteous and efficient in every respect.

Hares, 12 to 15.

BEGIN DRILLING ON
THREE H. B. WELLS

The report of the state mining bureau, department of petroleum and gas, for the week ending March 3, shows drilling starting on three wells in the Huntington Beach field during that period. The new wells are being put down by Milkey-Keck Oil company, George F. Getty and the Standard Oil company.
Eleven tests for water shut-off were made in Orange county fields during the same period. Eight of these tests were made at Huntington Beach, one on the well of the Brea-Olinda field, another on the Union Oil company well on the Morse lease at Richfield, and the other on the Shell company well on the Pico lease in the Brea-Olinda field. Tests were made at Huntington Beach by the following concerns: Standard, 3; Milkey-Keck, 3; Jameson Petroleum company and Shell Oil company.
Work looking toward the deepening or redrilling of present wells was started on two wells, one on the M. H. Mosier special at Huntington Beach and the other the West Coast Oil company well in the Brea-Olinda field.

STRAWBERRIES HIGH
ON S. F. MARKETS

(By United Press Leased Wire)
SAN FRANCISCO, March 8.—Seven crates of strawberries were received from Imperial valley and were sold at \$7 per crate of 15 baskets. These berries showed some improvement in quality.
There was a sharp advance on all grades of lettuce. Fancy fresh stock of Imperial valley was selling from \$2.50 to \$2.75 per crate, with smaller sizes selling as low as \$2.25.
A weaker tone is noticed on celery. Best Chula Vista celery is now selling locally at \$4 to \$4.50 per crate.
Four boxes of asparagus were the early receipts. Cooler weather is holding back the crop and best asparagus sold up to 50 cents a pound.
Demand for most classes of poultry was slow, with no change in prices reported. One car of live poultry was received from Oklahoma. Dressed poultry to the amount of 3,337 pounds was received by express.

ST. ONGE SEES BIG REVIVAL OF CYCLING

For some time there have been signs of a revival of interest in bicycling as an all-around sport, a means of health promoting, open air recreation, Fred St. Onge representing the Cycle Trades of America, declared here today.

"To advance this movement," he said, "to arouse renewed interest in wheeling, three local bicycle dealers will stage a bicycle parade Saturday morning.

"Everyone who can ride a bicycle, including boys and girls of the present, wheelmen and wheelwomen of the past, is invited to participate. This parade, it is hoped, will be more than a link between the cycling of the present and the cycling of the past.

"It should serve to impress the rising generations with renewed interest in the bicycle and its benefits, and woo back some of its old-time devotees to the athletics of the wheel. Should that come to pass, it will mean dividends in bodily health and mental exhilaration to thousands of citizens who now grow stoggy through lack of open air exercises, and bring the tonic of the great outdoors to thousands of youngsters who now walk the city's streets.

"Get on your wheel and join in the parade Saturday forenoon,

COLLEGE FOLK PUT ON H. S. MEET BILL

Displaying unusual talent and much variety in entertainment, the junior college here presented what was termed a highly successful program for the high school assembly at 1:30 p. m. today.

The hit of the program was the college drama class's presentation of "Dregs," a clever one-act, under the direction of Ernest Crozier Phillips. This was done by George Gerwing, Miss Myrna Frye, Robert Gilbert and Ralph Adams.

Music, color and pleasing lighting effects combined to make the musical stunts of the junior college Girls' Glee club and the college mixed chorus "Orpheo Troupe" much appreciated by the students. Members of the Orpheo Troupe are Elizabeth Anderson, Estelle Higgins, Vera Hines, Lillian Arthur, Thelma Simmons, Dorothy Sammis, Thelma Va. West, Hazel Kinzel, Bernice Hayward, Marla Carmichael, and Stanley Wheelock, Robert Budrow, Harry Farrar, Carl Hage, Carl Opp, Phillip Taylor, Claude Hayward, Herschel Settle, Wilson Glazner and Martin Gulick.

A cleverly attired mabician whose make-up kept the students guessing for a long time turned out to be L. L. Beeman of the faculty. Elmer J. Worthy, also of the faculty, put over an impersonation in character which brought down the house.

Plans for the program were under the management of William Adamson, president of the Junior College Y. M. C. A. and prominent member of the college debating team.

Joseph Caldwell, blind from birth, is studying astronomy at the University of Michigan. He is a sophomore and 46 years old. Blind students of astronomy are so rare that there are no text-books with raised type and Caldwell depends entirely upon his memory to keep up his fine record in this class.

starting from the courthouse on Broadway at 11 o'clock, or gather at the Polytechnic high school and see the prizes awarded and watch a demonstration along safety first lines.

"Prizes will be awarded for best decorated wheels, to Boy Scouts, neat girl riders, oldest rider, youngest rider and riders with comic make-ups. The school with the greatest number of riders will receive the Cycle Trades of America cup. Saturday will be Bicycle Day in Santa Ana."

GIRL'S STATEMENT WILL HELP SANTA ANA

Many women will profit by the following statement of one of their sex: "I was afraid to eat on account of stomach trouble. Even rice did not agree. After taking Adler-ka I can eat anything." Adler-ka acts on BOTH upper and lower bowel, removing foul matter which poisoned stomach. EXCELLENT for gas on the stomach or sour stomach. Guards against appendicitis. It brings out poisonous matter you never thought was in your system. Rowley Drug Co.—Adv.

HEALTH TALK NO. 21
By J. G. Kelly, D. C.

As Doctor of Chiropractic I am interested professionally in just two things, namely, my patients' health and my reputation. Each is dependent upon the other. Unless my patients regain their health, my reputation cannot be made and held.

If my reputation is lost, it must be because my patients are not satisfied. If my reputation is held and increased, it must be because the health of my patients has been restored.

Now, what YOU are interested in knowing is, CAN I GET YOU WELL? In answer I say the very best evidence of my ability to do this is the fact that I have established a reputation for doing all that I say I can do.

Therefore I say to YOU, there can be no better proof of my claims or of my ability, than the testimony of my patients. My patients are living examples of the wonderful results obtainable from Chiropractic Adjustments.

Let me explain to you WHY I get such wonderful results. You will then understand that I succeed because the principles of Chiropractic are right, and because my training and experience enables me to practice it intelligently. Consultation is free and places you under no obligation.

Thank You For Your Confidence in Us

A confidence that is evidenced by the dozens and dozens of Santa Ana homes and buildings for which we furnished the materials.

We have always followed our first aim, to sell good building materials, do good mill work and work and assist in every way possible with plans, specifications and detail work.

We are proud to help make Santa Ana a city of more beautiful, better homes and buildings and we realized, long ago, that we could do this only through our personal service to the individual builder.

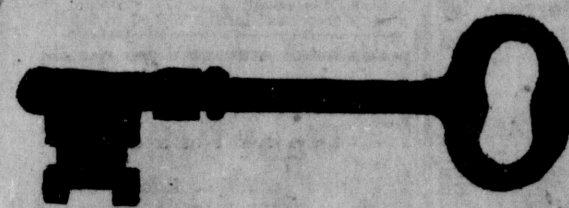

Come to us whether you want a house complete, a bundle of lath or building suggestions.

Here Is The Pass Key That Opens The
Treasure House:

"Save A Certain Amount Every Month"

—This country is alive with opportunities. To those who are wide awake, and ready for action, Opportunity is always knocking. WAKE UP! Get ready to act. The door of Opportunity stands before you—but YOU MUST PUSH IT OPEN!

—A man with a thousand dollars ready money can use it and build a fortune. But the only way you will ever get that first thousand is to SAVE it. You can't save it unless you make a start. Don't promise yourself any longer that you will start some time—START NOW!

—Bring us any amount from one dollar upwards. Bring the same amount once each month. Make it an amount that you can get along without. Every time you bring it in, we'll put seven per cent interest with it. We'll keep it as safely as Government Bonds. And later, when you have an opportunity for a profitable investment—behold, you have the key, THE KEY, that opens the door to the treasure house. —Many of your friends, who are well on the way to success, started a few years ago in this very same way. Ask your friends about it. Better still, come here and ask us for our booklet telling all about it. IT'S FREE.

Our Aim Is 1,000 New Members for 1923

If You Need a Medicine You Should Have the Best

Have you ever stopped to reason why it is that so many products that are extensively advertised, all at once drop out of sight and are soon forgotten? This reason is plain—the article did not fulfill the promise of the manufacturer. This applies more particularly to a medicine. A medicinal preparation that has real curative value almost sells itself, as like an endless chain system the remedy is recommended by those who have been benefited, to those who are in need of it.

A prominent druggist says "Take for example Dr. Kilmer's Swamp-Root, a preparation I have sold for many years and never hesitate to recommend for the treatment of all cases of kidney troubles, as many of my customers testify. No other kidney remedy has so large a sale."

According to sworn statements and verified testimony of thousands who have used the preparation, the success of Dr. Kilmer's Swamp-Root is due to the fact, so many people claim, that it fulfills almost every wish in overcoming kidney, liver and bladder ailments, corrects urinary troubles and neutralizes the uric acid which causes rheumatism.

You may receive a sample bottle of Swamp-Root by Parcel Post. Address Dr. Kilmer & Co., Birmingham, N. Y., and enclose ten cents; also mention this paper. Large and medium size bottles for sale at all drug stores.—Adv.

FULL HOUSE AT WINTERSBURG FOR SHOW

WINTERSBURG & SMELTZER, March 7.—A full house greeted the screen picture, "Red Decides" which, together with an educational film, was shown Friday evening at the Oceanview school auditorium. The school screen is a splendid one. Pictures are frequently shown by R. M. Harrel, principal of the school who has his own machine and they are proving quite popular in the community.

Miss Zelia Nichols returned Monday to the Huntington Beach Union High school following a month's absence due to influenza.

Mrs. B. L. Chapman entertained with a dinner party at her home on Friday evening for Mr. Chapman, whose birthday anniversary fell on that date.

A color scheme of red and white was prettily carried out with red rose buds and freesias which flowers were intermingled with fern and used in bouquets about the room and as table decorations.

Imitation candles in red were formed in the icing of the snowy cake which, amid a cluster of freesias, formed the center piece of the prettily arranged table where places were marked for fourteen by an arrangement of fern leaves and tiny red rose buds.

A delicious dinner was served by Mrs. Chapman and the guests remained for a pleasant social evening.

Those present were Mr. and Mrs. B. L. Chapman, the honoree and hostess of the occasion, Mr. and Mrs. George B. Crane, Miss Flolele Crane, S. J. Crane, Mr. and Mrs. Charles Graham and son, Alvin, Mr. and Mrs. John Graham, Mr. and Mrs. Virgil Lyons.

A meeting of the members of the new and old boards of directors of the Los Bolsas drainage district was held Tuesday at Smeltzer. The present board is composed of Stirling Price, hold over director, Emil Kettler and Fred Mallett, who have just been elected.

Mr. Jones, who has built a house on the Blaylock subdivision moved Sunday to his new home from Huntington Beach.

Mrs. J. J. Graham and her daughter, Mrs. Virgil Lyons visited for the day Saturday at Long Beach at the home of their son and brother, Riley Graham.

Mr. and Mrs. Virgil Lyons left Sunday for their home at Puente following ten days passed at the home of Mrs. Lyons' parents, Mr. and Mrs. John Graham.

Effie Thomas has just recovered from a severe attack of tonsillitis. She was very ill for two days with a temperature of 104 degrees.

Mr. and Mrs. Robert Turner spent Monday at Garden Grove, assisting in the care of Turner's five-year-old nephew, Archie Douglas, who is suffering from severe burns sustained Saturday when he ran into his mother, who was carrying a pan of hot grease and the boiling fluid poured upon him. He will recover.

Mrs. E. Ray Moore and youngest daughter, Florence Ray, were guests for the day Friday of Mrs. Elmer Turner.

Albert Maddux has been out of school as the result of a case of the flu.

The John McMillan family are reported as going through a siege of the flu.

The Misses Elizabeth and Ethel Gothard were in Los Angeles Thursday and Miss Ethel remained over night as the guest of her sister, Mrs. Mary Buchannon, who accompanied her home Friday. Mrs. Buchannon was also a visitor here Sunday for the day at the

home of her parents.

Miss Helena Dimock has finished moving to her home at Westminster where she has been employed as primary teacher in the grammar school for the past two years. Miss Dimock vacated the place at Smeltzer recently sold by her brother, D. W. C. Limock, to the Aldrich Land Co.

Mrs. Aza Hadley, who was ill with flu the past week is reported as better.

Mrs. Hadley's nephew, Robert Tinker of Talbert has been spending some time at his aunt's home.

Miss Ethel Gothard, after a few days absence from the Smeltzer Home Telephone board, is back again.

The infant son of Mr. and Mrs. Charles Houser of Smeltzer is sick.

Mr. and Mrs. C. E. Pratt and daughter, Thelma, of Costa Mesa, were Sunday callers at the E. Ray Moore home. The Pratts are former Wintersburg residents.

Three young men of this com-

munity went Thursday to San Diego with the Huntington Beach high school track team which on Friday contended for honors with the San Diego team, the result being a tie. Those going from here were Charles Cook, who is track manager for the Huntington Beach team, Roscoe Bradbury, a team member, and George Gohard, who drove down with the team.

Mr. and Mrs. George Gerhart spent from Wednesday until Friday of the past week visiting at the home of a nephew at Azusa.

Mr. and Mrs. L. A. Wallace and family of Cypress were guests Sunday of their daughter and son-in-law, Mr. and Mrs. Robert Turner of Smeltzer.

John Blaylock of Cantil, Fremont valley, is a visitor at the home of his brother, W. W. Blaylock. Mr. Blaylock arrived Monday.

John Orem and Perry Tudor of Banning are visiting for a few days at the W. T. Vanduff home.

Mr. Orem is a brother of Mrs. Vanduff.

A large well is being put down on the A. H. Moore subdivision located directly adjoining the Oceanview school grounds.

Mrs. Jones of Smeltzer has been appointed as substitute teacher for Mrs. J. W. Soden's class of "Sunshine girls" of the Wintersburg Methodist church and is now in charge of the class.

MOVIE STAR ADMITS BREAK IN ROMANCE

LOS ANGELES, March 8.—Anita Stewart, heroine in many silver sheet roles, admitted today she and her husband, Rodolph Cameron, were separated but denied reports she intended obtaining a divorce.

"Mr. Cameron and I have simply agreed to disagree for a little while," Miss Stewart said. "There is no co-resident, or at least none so far as I know."

The Camerons were married five years ago in Connecticut. Before his marriage Cameron played on the legitimate stage but gave this over in order to manage his wife's business affairs.

Plans to film several pictures together have been abandoned by the Camerons, it was learned.

The Man Who Builds His
Home in Oakmont Can
Live on Easy Street

"A Community
of Ideal Homes"

—We have been criticized, since opening up the sale of lots in Oakmont, for offering them at prices below the market value. It has been said that it is poor business to sell property for less than its real value, when it could just as well be sold at a higher price. It is true that we have made these Oakmont prices below the market value, when in fact, considering its appointments and improvements, it ought to be the highest priced subdivision in town. But we have found that there is something else in life besides money. There is such a thing as taking a reasonable profit, and looking at a subdivision from the viewpoint of civic pride and public service.

The Man Who Gives the Matter Serious Thought Will See
Many Reasons Why He Should Own A Choice Lot In

Beautiful Oakmont

On Santa Clara Ave. and Santiago Ave.

One of the Show Places of Santa Ana

Oakmont has the only ornamental middle-of-the-street parking in Santa Ana. In the next few years this beautiful place will be pointed out to visitors as one of the show places of Santa Ana. The dwellers in Oakmont will be surrounded by all modern conveniences. Everything from sewer to ornamental street lights is provided and paid for NOW. Each lot has a number of large orange and walnut trees. Nothing is lacking excepting the buildings, to make Oakmont a "Community of Ideal Homes." Still, the prices of Oakmont lots are far below the normal market price.

FILMS UNIVERSAL LANGUAGE HAMPTON TELLS KIWANIAN

Santa Ana is destined to be a big city and an important factor in the development of the world a few years hence, Benjamin B. Hampton, prominent motion picture writer, told Santa Ana Kiwanians at their weekly luncheon at St. Ann's Inn here yesterday.

He said he believed that Southern California was destined to become the big industrial center of the future and that Santa Ana would be one of the important cities that would share in this development. He described the Southland as the future center of influence that would to a large degree control the development of other countries, especially South America.

He declared that development of Newport harbor, and further improvements at San Diego and San Pedro harbors, would be necessary to meet the demands of water commerce in the future.

"Motion Pictures and the Public" was Hampton's general topic.

Explodes Doggy. Stating that writers, speakers and pseudo philosophers were declaring that the machinery of civilization had either broken down completely or was in such bad condition that it "ought to be sent to the junk heap," he declared the important agencies of civilization to be the church and education.

"They tell us that the church is weak and inefficient; that the people are losing interest in the Bible and that we need a new Bible," said the speaker. "They say that education is not keeping pace with the demands of civilization."

Admitting that some of the conclusion were true, he asked, "are we to throw government and education into the scrap heap of revolution, and hope that in some way revolution will produce a better set of machinery?"

Sees No Overthrow. "We will not discard our machinery of government for a chaotic mess such as revolution has produced in Russia," said Hampton. "Neither will we take the church, with all its possible inefficiency and discard it for a set of

philosophical maxims and precepts." He pointed out that correction would come through evolution within the systems and not by revolution without.

He said that the printing press was for many centuries the great new tool used by civilization to improve affairs. The motion picture, he said, had come as a new instrument of education and development of the world. He said that it was a power, which, used effectively, would assist in reshaping, recreating and remodeling present methods. He maintained that the motion picture makes possible the revitalization, without revolution, of every important instrument in society.

Boosts Pictures. The printed page does not make the lasting impression that a picture makes, he declared. He maintained that by proper use of pictures, ideals could be created and established among a larger number of persons than by printed publications.

Asserting that investigations have disclosed that 38 to 40 per cent of the population is of the moron type—persons whose mental development has been arrested—he said that civilization's imperative need was an educational process using a language that everyone can understand "and that universal language is motion pictures."

He quoted statistics to show that the morality of the slums had been materially improved through the introduction of moving pictures and that crime had decreased.

Open Attendance Race. Yesterday's was the first meeting under the attendance contest program. The record was 97.25 per cent, according to report of L. R. Crawford, secretary.

J. C. Hayden, president of the Rotary club, extended an invitation for Kiwanis to meet with Rotary March 20. George Wells announced that the Fullerton club would take charge of the meeting of the Santa Ana club March 28.

group as that causing influenza, but it does not seem to be communicable, although health laws require that it be reported. There is no case on record in which two members of the same family have had it."

CONCERT—RECITAL

TELLS PROGRAM FOR Y LEADER CLASS MEET

A general view of the boy problem in Santa Ana will be given as an introduction to the first session of the S. A. Y. training course for boy leaders to be held at the First Presbyterian church tomorrow at 7:30 p. m. R. C. Smedley, S. A. Y. secretary, announced today.

H. G. Nelson, principal of the Santa Ana junior high school, is programmed to give a talk on the boys of Santa Ana, their needs and how to meet them.

To Cover Wide Range. His talk, it was understood, would cover some consideration of the number of boys of various ages and classes; their special needs; the efforts being made by different

agencies to meet these needs; things that ought to be done which now are not being done; special lines for which the church and church school are primarily responsible, and the present need for trained, intelligent, volunteer leaders for boys' activities.

The Rev. D. C. Eddy of Covina is to speak on "The Church at Work With Its Boys."

He will aim, it was said, practically to demonstrate the successful application of modern principles of organization and leadership in one church.

As Boy Sees It. Wendell Finley has been asked to present "The Problem as the Boy Sees It." His intimate acquaintance with boys, it was said, should enable him to give the new organization for boy leaders' an intimate view of the boy mind.

"Getting Down to Business" was the topic assigned to George S. Chessum, Orange county "Y" secretary. He was to present a working scheme for a practical study of the problems of boys' organized work at short range, as it may be handled in the present course.

HUNTINGTON BEACH RESULT OF DREAM NEWSPAPERMAN HAD

(This is the first of a series of articles written for The Register on the early history of Huntington Beach. These articles will appear from time to time and will trace the progress of the beach oil center up until the present time.)

Similar to the romantic origin of Kansas City and Long Beach, Huntington Beach, as a town site, was conceived in the dream conceived by a newspaper man.

Stopping his horses and spring wagon on the ridge of the hill where the grammar school now stands, near the crest of Seventeenth street, George McPhee, at that time city editor of the Weekly Blade of Santa Ana, turned to W. T. Newland, the owner and driver of the team and exclaimed:

"My goodness, what a place this would be for a town."

Wrote Booster Article

True to his imaginative foresight, Mr. McPhee returned to Santa Ana and wrote the first booster article ever printed about Huntington Beach.

In his issue of Friday, August 4, 1899, Mr. McPhee headed a two-thirds of a page article, "The Willows Pasture, A Poor Man's Paradise."

Little did he realize that this same "poor man's paradise" would some day be a rich man's stamping grounds; little did even his fertile imagination picture the stretch of vast peat lands "most of it under water from two to six feet nearly all the year" as the storehouse of one of the world's richest treasures—underlaid with oil all of the year.

Development Started

But he pictured enough to give a group of men the nucleus for a practical plan of development. He spared no space in writing about the advantages of this section as a poor man's opportunity and described in detail the land of the farmers who had already taken the plunge onto the Willow's lands and were making steady progress toward success.

Among the names he mentioned were John S. Bushard, E. S. Talbert, Silas Wright, B. Courraces, Fred B. Mills, J. V. Robertson, Bruce Wardlow, W. D. Lamb, J. W. King, and his friend, W. T. Newland.

In describing the latter's homestead he says it is on a shell mound "which is evidently the site of an ancient Indian village." And to those who have been privileged to inspect the remarkable collections of Indian relics, including the smallest basket in the world, compiled by Mrs. Newland, one is led to wonder again at this man's knowledge of the "poor man's para-

dise."

In concluding seven columns on the subject Mr. McPhee says:

"With such a rich valley as a feeder it should not be considered the dream of an enthusiast to picture, in the not distant future, a thriving town, tapped by two railroads and situated on the mesa at the western edge of thousands of acres of rich bottom lands of which an imperfect description is given in this article."

And little by little, Mr. McPhee's oft-repeated publicity of his dream brought interest to this new region as publicity is wont to do, until in 1902 twenty men, thirteen from Los Angeles and seven from Santa Ana, including some of the "naïve" farmers such as Mr. Newland, pooled their investment resources and bought 1660 acres for \$100,000.

That was the origin of the present Huntington Beach company and the nucleus of the present Huntington Beach. (To Be Continued.)

ORANGE

ORANGE, March 8.—Mrs. Richard Meyer of Milwaukee, Wisconsin, and her daughter, Miss Clara Meyer of Oak Park, arrived in Orange Tuesday evening and will make their home with Mrs. Meyer's daughters here, the Misses Mae and Josephine Meyer. Miss Josephine is one of the leading milliners of Orange, on East Chapman street.

The high school machine shops experienced a small flood Wednesday morning on account of a water pipe break. A crew of students at work in the forge rooms came to the rescue and prevented any damage.

William Thomas, Jr., of Los Angeles, was here in the interests

KIDNEY AND BLADDER TROUBLES CONQUERED OR MONEY BACK

For 40 years, said Dr. Carey, I have been prescribing my Prescription No. 777 (known for years as Marshbrook) for kidney and bladder sickness and now that I have retired from active practice I have made arrangements with leading druggists to dispense this wonderful prescription at a moderate price, on the money back if dissatisfied plan.

Beware of kidney disease—thousands die of it every year who ought to be enjoying the blessings of life and health. Watch the symptoms. If you have specks floating before the eyes, puffy eyes, clammy feet or moles, pains, backache or sideache, you ought to get a bottle of Dr. Carey's famous Prescription No. 777 right away.

It has wonderfully benefited tens of thousands of cases of kidney and bladder troubles and is the medicine you can always depend upon. Results are guaranteed. NOTE—Dr. Daniel G. Carey was a practicing physician for many years and his great Prescription No. 777 aided thousands of sufferers from kidney and bladder troubles. Hereafter you can always get this effective prescription in both liquid and tablet form from all reliable pharmacists the country over—adv.

of the Orange Belt Refining company, which is busy installing a gasoline and oil refining plant at McPherson.

Mrs. H. D. Eby of Orange, who recently underwent an operation for appendicitis at the Anaheim hospital, is now sufficiently recovered to return to her home.

Dr. J. M. Burlew of Santa Ana who has been quite sick for some time, is now improving nicely and well on the road to recovery.

Mr. and Mrs. N. T. Edwards are expected home from Sacramento on Thursday or Friday of this week.

Mr. and Mrs. Joe Rowley and Mr. and Mrs. Ray Sherwood motored to Los Angeles to spend the day.

William G. Chandler was a Los Angeles business visitor yesterday.

PROMINENT PUBLISHER DIES.

ST. PAUL, Minn., March 8.—L. V. Ashbaugh, 57, publisher of the St. Paul Daily News, the Omaha Daily News, the Rural Weekly and the Minneapolis Rural American, died at his home today after an illness of several years.

Electronic Reactions of Abrams, Diagnosis and Treatment. For appointment phone 1292-W, or 783-J.

FLORIDA DOES NOT COMPARE WITH STATE ORANGE MAN ASSERTS

ORANGE, March 8.—Declaring that good citrus land may be procured in Florida at prices ranging from \$60 to \$100 an acre, undeveloped, Mr. and Mrs. W. S. Hill, this city, formerly of Glendora, were home today from the Everglade country, which they toured as members of the Southern California citrus delegation.

"It's a beautiful country, but it does not compare with Southern California," Hill stated upon his return.

The party, composed of fifty-one citrus growers and their wives from various parts of the Southland, left Los Angeles February 1, arriving at Tampa, their destination, five days later.

FIGHT TO A DRAW

SAN FRANCISCO—Eddie Digins and Charlie Sullivan—the latter saying he's a second cousin to John L. Sullivan—boxed a fast draw in the main event of last night's four round show here.

Dr. KING'S New Discovery

Never let a cold get a hold!

Other Roofing Could Be Made As Good

There is no secret process of production which imparts to "Weaver" Roofing its superior service qualities.

Other roofing could be made just as good.

It is really a matter of first finding out by tests what materials will best withstand time and the elements regardless of their cost and then being willing to use these materials even at a sacrifice of profit margin.

"Weaver" Roofing lasts longer because of the honest quality that is built into it.

It could be made cheaper and you wouldn't know the difference for years. But you would eventually.

Tell your architect or contractor to specify "Weaver" Roofing.

Any Qualified Roofing Contractor Can Lay Weaver Roofing.

Weaver Roofing

"saves overhead"

Made in various grades, weights and colors for all types of buildings.

Manufactured by

Weaver Roof Company, Los Angeles, California
Sylvester L. Weaver

Floor Coverings

—Any Quality —Any Size

—No matter what your floor covering requirements may be it will save you time and money to make your selection from Orange County's most complete stock—at Chandler's.

—You can at all times find here one of the most extensive collections of patterns and grades of rugs in Southern California, but at no period in the 30 years' history of this store have we displayed a larger or finer selection than this spring, especially in high grade Wiltons.

—We are now showing the latest patterns from some of America's leading mills including Whittall's, Sanford's, etc.

—Whittall's reproductions of Oriental rugs in new beautiful designs and color combinations in Anglo-Persians are priced here at \$135., Anglo-Kerman at \$130., and Body Brussels at \$68., for the 9x12 size. Other room sizes up to 11.3x15 and small rugs at proportionate prices.

"Yours for quality — but always at the lowest possible price"

Ira Chandler & Son

Quality Furniture

Main at Third Street

—We have an especially good value in fine 9x12 tapestry Brussels rugs at \$24.

—Chandlers also carry in stock a wide assortment of other high grade floor coverings including Sanford's seamless Axminster rugs, Armstrong and Nairn's linoleums, etc.

—We also feature many new patterns in carpets by-the-yard to supply the increasing demand for carpeted floors.

—If you cannot find in our extensive selection the design and color rug you desire you may have a Whittall wool chenile seamless rug made in any design or color in widths up to 15 feet in any length required.

COFFMAN RETURNS TO BASEBALL FOLD

Crack Catcher Mends Woes With Faculty, Reports for Poly Practice

Ted Coffman, veteran catcher of three years and last year's captain, will be eligible for the Santa Ana high school baseball team this season.

That was the news that sent gobs of joy through the Poly campus and added confidence to the diamond cohorts of the local school today as Coach Orion Neff's men swung into action for the last ten day's practice before the opening of the Orange league season March 16.

The veteran backstop was placed on the o. k. list by Principal D. K. Hammond after a suspension of two weeks. A heavy catcher, a man with a splendid whip to the sacks and a heavy hitter, Coffman is expected to add fifty per cent to the effectiveness of the local team.

With his return "Chick" Brown, an outfielder who has been catching, will go back to his position in the gardens and strengthen Neff's squad there.

Coffman donned his catching paraphernalia for the first time in a regular game this season yesterday afternoon when the Polyites defeated Earl Murray's Tustin high school club, 10 to 4, on the Tustin stamping ground.

It was the first time this year that the local team used its probable starting lineup for the league tilt.

Le Bard, Spencer and Bowe will take care of the pitching department with Coffman behind the bat. Jabs will hold down the initial corner with Eddie Linsbard as his understudy. "Red" Bickford apparently has won the berth at second base and Bill Luck looks the best of the shortstops. Leland Finley, a member of last year's club, has third clinched.

Walter Wurster, Fred Howell, "Beano" Golden and "Chick" Brown will probably take care of the outfield with half a dozen good reserve men ready to fill in if they bubble.

The Santa Ana baseball men will hook up with San Diego high school, national champions last year, at the Southern city on April 14. The following Saturday "Shorty" Smith will take his Fulton henchmen to the border place.

CONGREGATIONAL IS COURT VICTOR, 56-0

56 to 0. That is the score of the First Congregational - Richland Avenue Methodist basketball game played last night on the local "Y" courts as a part of the Inter-church league. The Congregationalists were on the long end of the count. Bigelow, Spicer, Nicker, Cola, Kellogg and Belcher played for the winners with Hurd, Walton, Conklin, E. Norton and H. Norton laboring for the Richland Avenue men. The United Presbyterians displayed their class when they trimmed their First Presbyterian brethren by the score of 25 to 2.

M. Kennedy, McDonald, Smith, H. Kennedy and Warren were too good for Tibball, J. Anderson, H. Anderson, Metzger and Witzner.

MOLLA'S CONQUEROR LOSES. MENTONE, France, March 8.—Miss Cadie, who eliminated Molla Mallory in the Mentone tennis tournament was defeated today by Mlle. Suzanne Lenglen, world's woman champion, 8-6, 6-1.

SPORTS of all SORTS

Local pool addicts today were interested when it was learned that Ralph Greenleaf, world's pocket billiard champion, who recently appeared in two exhibition matches at the Valencia parlors here, broke his own record at Stockton the other day by running 265 points.

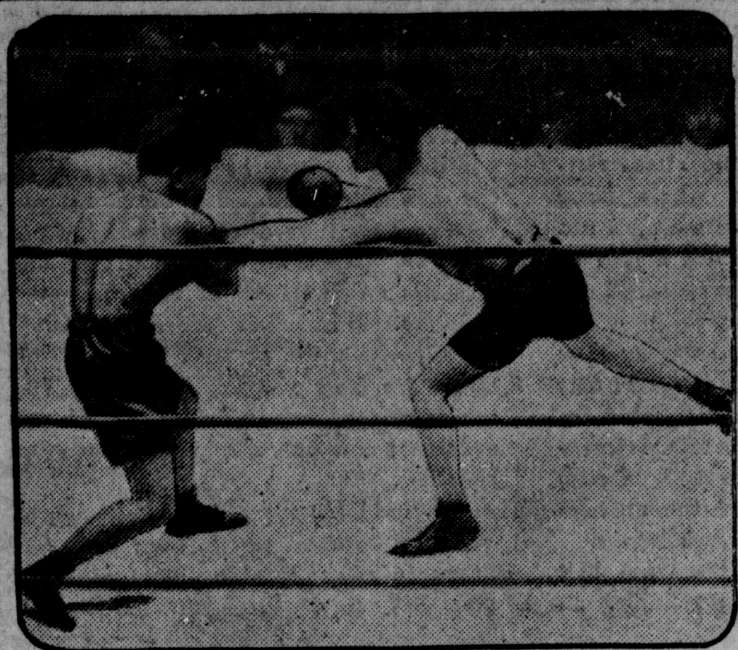

Greenleaf had a high run of 79 during one of his Santa Ana matches, missing only when he swerved on his eightieth ball. The cue wizard also shattered the San Francisco mark in an exhibition there recently when he ran 113 balls.

Greenleaf's best mark before the Stockton outburst was 206.

Harry Blazholder, Garden Grove boy, is going great guns at the Fresno training camp of the Salt Lake Bees and Duffy Lewis, the Ute skipper, has predicted that he will have his best year. "Yesterday the work of Blazholder and Duchalsky caused Manager Lewis to take several looks," a story from the training camp reads: "Both of these boys were cutting the ball through at mid-summer speed and seemed to have plenty of stuff on the ball. Blazholder has been working out for a month. And reported in excellent shape."

Harry Smith, the sensational San Diego high school pole vaulter who cleared 12 feet 8 inches at the A. A. U. relay carnival, bettered both Ross Nichols and Charlie

Outpointed and outboxed during the course of their bout in Madison Square Garden, New York, Pancho Villa was forced to yield his American flyweight championship to Frankie Genaro. Photo shows Genaro (left) peppering Villa with his left in the third round.

BILL ALLOWING FIFTEEN ROUND BOUTS IN CALIFORNIA FAVORED BY COMMITTEE

SACRAMENTO, March 8.—That the assembly constitutional amendments committee will report out favorably Assemblyman Morrison's bill calling for the establishment of a self-supporting boxing commission in California and legalizing either ten or fifteen round boxing bouts in the state seemed probable today, following a regular committee meeting at which the measure was considered.

Every assemblyman on the committee who discussed the bill spoke in favor of it, and the measure was given back to its San Francisco author for some minor corrections.

YACHT CLUB VOTES TO BUILD ADDITION

Directors and members of the Newport Harbor Yacht club today prepared to open bids within the immediate future for the construction of a west wing to their already commodious clubhouse.

The contract for piling work already has been let and the directors expect that actual building will begin soon on the wing which will include a men's room, nine ships' cabins, quarters for the house manager and a dressing room for bathers. The total cost of the improvements will be approximately \$7000.

Directors Shirley Meserve, commander, of Los Angeles, B. H. Cass of Los Angeles, and W. H. White and D. W. Tubbs of Tustin, were present at the meeting at which it was decided to proceed with the plans as outlined.

"Increasing interest is being shown in the club," Tubbs said. "We received a number of applications and have had numerous inquiries recently. The Newport club is regarded as one of the strongest in the state and its members determined that this record shall be sustained."

TUSTIN BASEBALL PROSPECTS BRIGHT

Fifteen Veterans On Hand for Murray's Outfit; Track Chances O. K.

(Special to The Register)

TUSTIN, March 8.—With fifteen men from last year's first string squad reporting regularly to Coach Earl Murray beside a batch of promising recruits, prospects for a winning baseball team this season are believed to be the best in Tustin high school athletic history.

While the team has not had the advantage of much practice it showed strength by holding the Santa Ana high school nine to a 10 to 4 score here yesterday.

Manager Charles Miller has issued suits to Captain Ernest Jiles, Merrill Thompson, Theron Sauers, Inyo Jimenez, Jack Crawford, Cecil Preston, Raymond Fisher, Roy Kuykendall, "Bony" Jimenez, Foster Prather, James Means, Lyle Kelly, Fred Miller, Joe Fink, Clarence Trickey, Hayden Helt, William Tatum and Richard Harris. All of these men but Tatum and Harris are veterans.

Seniors, Sophs Win.

In an inter-class fray last week the Senior-Sophomore combination trounced the freshman-junior aggregation by the score of 8 to 1. Helt and Miller twirled for the winners while Miller was on the mound for the freshmen and the juniors.

In the annual inter-class track and field meet the juniors easily finished first with 73 points. They were trailed by the sophs with 41 digits and the frosh with 2 points. The seniors failed to tally.

The results: 100-King (S) first, Sauers (S) second, Rust (J) third. Shot—Fink (J) first, Preston (S) second, Field (S) third. High Jump—Kelly (J) first, Field (S) second, King (S) third. 440—Rust (J) first, Sauers (S) second, Tatum (F) third. Mile—Rust (J) first, Kelly (J) second, Fink (J) third. Low Hurdles—King (S) first, Kelly (J) second, Rust (J) third. Broad Jump—Rust (J) first, Kelly (J) second, Helt (S) third. 220—Rust (J) first, Kelly (J) second, Jimenez (S) third. High Hurdles—Kelly (J) first, Brown (S) second, Fink (J) third. Pole Vault—Kelly (J) first, Fisher (J) second, Fink (J) third. 580—Jimenez (S) first, Brown (S) second, Tatum (F) third. Discus—Thompson (J) first, Field (S) second, Preston (S) third. Relay—Won by Juniors.

The Morrison amendment calls for the formation of a boxing commission to regulate all professional and amateur boxing and wrestling in California. Clubs would be licensed and would be directly responsible to the commission.

The bill is practically a duplicate of the Walker measure under which boxing in New York is said to be successfully managed. Assemblyman Morrison estimated that at least \$300,000 annual revenue would accrue to the state from the formation of a commission with power to license boxing, such as the measure advocates.

LOCAL TRACK TEAM OFF FOR SAN DIEGO CONTEST TOMORROW

Headed by Coach Ray Adkinson and Manager Johnny McFadden, the Santa Ana high school track team, sixteen strong but still without the services of two of its leading lights, left by automobile this afternoon for San Diego for its meet there tomorrow with the Hilltop team.

The men will stay at San Diego overnight. Part of the meet will be held in the morning instead of a high school assembly and the rest of the events will be staged after school in the afternoon. The Santa Anans will make the return jaunt tomorrow night.

Besides Adkinson and McFadden the following men made the trip: Captain Roland Rabe, Henry Duncan, Earl Jabs, Lloyd Morris, Randolph Bell, Stewart Rittner, Arnold Stroschein, Robert Lancaster, Tom Oglesby, Huestis Snow, Ralph Reynolds, Otto Gardner, Oscar Spencer, John Spicer, Everett Lutz and Dorris Myers.

POLY NINE DEFEATS TUSTIN TEAM, 9-4

Battering the offerings of Pitchers Miller and Helt with regularity, the Santa Ana high school baseball team annexed a practice game from the Tustin high school diamond men at Tustin yesterday afternoon by the score of 9 to 4. "Barney" Le Bard was on the route and he was always master of the situation.

The lineup: Santa Ana. Pos. Tustin. Coffman..... C.....Jiles Le Bard, Smith P.....Miller, Helt Jabs..... 1B.....Preston Bickford..... 2B.....Prather Finley..... 3B.....Merrick Luck..... SS.....Kuykendall Brown..... LF.....Jimenez Ritchie, Johnson, CF.....Crawford Howell, Spencer, RF.....Harris Carroll

PADDOK ACCEPTS. PASADENA, Calif., March 8.—Charlie Paddock has accepted the invitation of the University of Paris to sprint there in May. His university, however, has not formally accepted, owing to contingencies that have kept the committee unable to meet for a final decision.

SENIOR FIRPO TIRES OF AMERICAN WAYS

Giant South American Will Return Home After Bout With Bill Brennan

BY HENRY L. FARRELL

(United Press Staff Correspondent) NEW YORK, March 8.—On the first boat that he can get after next Monday night, Senior Luis Angel Firpo is going back to Buenos Aires, the heavyweight champion of South America, said today.

Only the mere matter of a fight with Bill Brennan that will bring him in \$10,000 and the chance for a fight with Dempsey that should be worth \$100,000 to him makes Senior Angel willing to stay here until Monday.

Summons servers, bond salesmen, charity solicitors, aspiring managers, theatrical agents, love smitten lassies and book agents, all babbling a language he doesn't understand, have aroused the senior to such an extent that he can't stand it.

"If I only knew what they were talking about, it wouldn't be so bad," the South American giant said today through his interpreter, "they all seem to be my friends but I don't know what they want and they keep me from work."

Among the group that had him under observation merely as a boxer, the opinion is spreading that Firpo is no sucker. At first the talent laughed him off but after looking him over, they are beginning to assume serious faces.

"He's a cinch to beat Brennan and when he learns how to box and get around a little there's no telling where he's going," Dan Morgan said. Morgan has been in the game long enough and handled enough fighters to have a little weight in his opinion.

When You Build

TAKE YOUR AUTO for instance. How did you come to select that particular make? Why those tires, that carburetor? Or, for example, that suit you are wearing. Who made it for you, and why?

You are proud of your car because of the way it runs; its speed; its power; its beautiful lines. And your suit fits perfectly, etc.

In all these things, your taste was most discriminating; your judgment good. BUT MORE IMPORTANT than your auto, your suit, or almost anything is YOUR PLUMBING. It plays a more important part in your life. It is more intimately associated with your health, your personal appearance, your success.

Then why not use the same good judgment; the same discriminating taste. SELECT YOUR PLUMBING PERSONALLY. BUY IT DIRECT from a good, reliable plumber. Don't leave this all-important thing to a middle-man, a general contractor, or to anyone. Talk it over personally with one of the members of the Sanitary Development League of Southern California. They are high-class, successful business men. Their words and their goods are reliable.

SANITARY DEVELOPMENT LEAGUE OF SOUTHERN CALIFORNIA
826 Higgins Building Los Angeles

STUDEBAKER

Hidden qualities largely determine the value and life of a closed car.

Beauty of line and finish and refinements are surface indications and important ones. But your satisfaction with a closed car depends to a great degree upon factors that are unseen—the in-built qualities that come from correct design, use of highest grade materials and careful workmanship.

It is impossible to get more out of a car than the maker has built into it.

The 23 series Studebaker Light-Six Sedan is a quality car. It is built to endure—to give lasting satisfaction. Both body and chassis are produced in Studebaker plants where painstaking craftsmanship has always been the rule and the practice. And Studebaker has been building quality vehicles for seventy-one years.

The Sedan body is substantially built.

It will last for years and retain its beauty and comfort. Evidence of its hidden goodness lies in the fact that down under the paint and varnish, the pillars, roof rails and supporting members are made from specially selected ash. Good ash is expensive but Studebaker uses it because it best combines the proper strength and weight.

Four wide-opening doors make it easy for all passengers to get in or out without inconvenience to each other. A high-grade heater affords summer warmth on cold, damp days. The wide windows give broad vision in every direction.

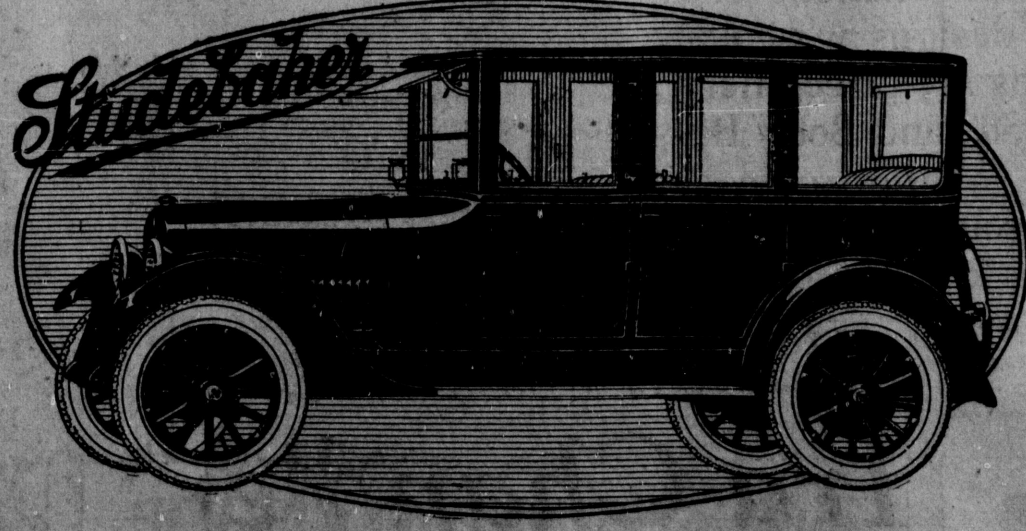

When you buy a Light-Six Sedan you are really accepting the judgment of 100,000 owners who have found the Light-Six chassis so satisfactory.

Studebaker quality is traditional.

12 AT POLY IN BIG ORATORY CONTEST

Said to be the biggest event of its kind ever planned in Southern California, the oratorical contest announced by the Southern California Citizens' committee has attracted the entrance of twelve Santa Ana high school students, it was announced today.

Entries from high schools in thirty-six districts in Southern California are pouring in to the Los Angeles headquarters of the committee and plans have been announced for the final contests in each of the districts, of which Orange county is one.

The winners of the district contests are to vie for the prizes in Los Angeles May 11. First prize will be \$1500, second prize \$500 and there are to be thirty-six \$50 prizes.

Three Schools Enter
Santa Ana high school, Anaheim high school and Orange high school have entered so far in the county contest, which will be held in the local high school auditorium on the night of April 13.

Eliminary contests in each school are to be held in the near future, it was announced. The students who have entered are working on their orations, which must be original and must be on one of the subjects designated by the committee. All of the subjects relate to the Constitution of the United States.

Two From Each School
In the county contest there will be two representatives from each school.

The two contestants from the local high school will be chosen from the following:

The Misses Marie Carruthers, Alice Richards, Alice Rhinehart, Laura Mathews, Eleanor Adams, Enid Twist, Maxine Wilson and Messrs. Robert O'Brien, Edwin Cochems, Kinsley Hancock, John Donan and John Harper.

Nearly all the students who have entered the contest in the Santa Ana school are members of the Honor society and prominent in school activities as well as in scholarship, it was said.

EXONERATE TRAINMEN FOR AUTOIST'S DEATH

The crew of the train which struck an automobile and killed Louis Reyes near Irvine station, Monday afternoon, was exonerated from blame, a coroner's jury ruled. Reyes drove in the path of a north bound train, failing to heed the signal at the crossing, evidence showed. The automobile was demolished and Reyes was virtually instantly killed.

John Warvoys, engineer, and Arthur Murdock, fireman, were declared blameless.

Income Tax Returns Prepared, Elmer B. Burns, Room 11, Rowley Block, Santa Ana, Calif. Phone 2140. "Dependable Service Based on Experience."

BOY TELLS STORY IN ALLEGED FAGIN CASE

In a clear voice and with well chosen words which almost belied his youthful appearance, "Bilby" Thompson, 14-years-old boy, today told a jury, sitting in trial of Thaddeus Carpenter, alleged check "Fagin," how the defendant had used him to cash alleged worthless checks.

Carpenter, the state contends, wrote worthless checks, signing the name of "George Stone," and then had the Thompson lad and other boys cash them.

The Thompson boy told his story without hesitation. Attorney A. E. Koepsel, defended Carpenter, while Deputy District Attorney C. N. Mozely represented the people.

SWING FIGHTS FOR NEWPORT HARBOR

Following a telegram from Congressman Phil D. Swing to Lew H. Wallace to the effect that the local engineer had made a favorable report on Newport harbor while Col. Herbert Deakne had reported unfavorably, Wallace got in touch with the Santa Ana Chamber of Commerce in a co-operative effort to bring the Congressional party to Newport to make a personal inspection of the harbor. The telegram from Congressman Swing was as follows:

"Local engineer made favorable report Newport harbor district. Engineer San Francisco unfavorable. Matter now pending before the Board of Engineers, Washington. We will make every effort to get the approval of the local engineer's report. Would be advantageous to get my Congressional party to see Newport. Stir up Santa Ana Chamber of Commerce."

"Phil D. Swing," Col. Deakne made an inspection of Newport harbor several weeks ago and at that time asked many questions about the harbor but did not commit himself one way or the other.

WOMAN'S WILL MAKES \$40,000 IN BEQUESTS

An estate valued at \$40,000 will be divided, if the petition to probate the will of the late Florence Renkin, who died at Orange February 25, is granted.

The petition was on file in superior court here today, with F. C. Drumm, asking to be named as administrator.

The First Presbyterian church, Orange, was allotted \$1,000, the Orange Woman's club \$500, chapter "S" of the P. E. O. \$500, and \$1000 each to the Strickland home for boys, Los Angeles, and the Oneda Baptist Institute at Oneda, Ky.

In addition Katherine and Nellie Northcross and Lota and Annie Blythe, Orange, were named as beneficiaries.

The ten nephews and nieces of the deceased, who reside in the East, will receive the remainder of the estate.

Radio supplies at Hawley's.

UNION BIBLE CLASS SUMMER PLAN HERE

Representatives of Santa Ana churches which will unite in an effort to develop one big community Bible school this summer will meet at the First Baptist church here next Monday night, according to the Rev. F. T. Porter, pastor of the First Christian church.

At a meeting attended by ministers and Sunday school superintendents here last night the plan was discussed at length and minor details were arranged.

It was felt, however, that further consideration should be given the plan, and a date was set for a second meeting. At this meeting, scheduled for 7:30 p. m., ministers of virtually all Santa Ana churches, as well as Sunday school superintendents will be invited to attend.

The Rev. Messrs. F. T. Porter, pastor of the First Christian church; Moffett Rhodes, of the Spurgeon Memorial church, and Perry F. Schrock, of the First Congregational church, were appointed details of the school.

ed a committee to work out addi-

NATIVITY HYMN TO FEATURE CONCLAVE

An adaptation of Milton's "Hymn of the Nativity" will occupy prominence on the program of the afternoon of church music to be presented in a local church auditorium, April 6, in connection with the annual convention of the State Federation of Music clubs, April 4, 5, 6 and 7.

Announcement to that effect was made today by Clarence A. Gustlin, chairman of the committee on arrangements, following receipt of a communication from Mrs. Grace Widney Mabae of Los Angeles, chairman of the church music department. Mrs. Mabae failed to state whether local singers were to prepare the feature or whether it was to be sung by Los Angeles artists.

Many details of the program are expected to be completed Friday of this week when Mrs. Lillian Birmingham, federation president, will confer here with the local workers. Mrs. Birmingham is expected to arrive in Santa Ana Thursday evening. In a recent communication from the president to Gustlin, it was stated that credentials have been submitted to all the clubs affiliated with the state organization together with an urgent invitation to them to send their delegates to participate in the convention.

TO SELL SCHOOL BONDS
The \$30,000 Buena Park school bonds will be sold March 27 at 11 a. m. the board of supervisors decided. In session yesterday, the board authorized the contribution of \$500 to the Anaheim Orange show.

Coupons are Ready

From now on, as long as this great offer lasts, a Bible Coupon is being printed in these columns daily. Three of those coupons will enable the holder to take advantage of our offer explained therein. The idea is to encourage Bible reading in order to overcome the world's unrest—a movement which is being sponsored by leading newspapers of this country. Make your selection early tomorrow—style A as shown in the accompanying illustration; or style B, which is less elaborately bound but just as complete and durable.

Wonderful Lessons in the Bible's English for Writers and Speakers

Shakespeare was master of nearly twenty thousand words. Milton of about thirteen thousand. But the whole King James Version of the Bible contains not over six thousand words; not a half of Milton's, not a third of Shakespeare's vocabulary.

Short words are always strong words; they explode like bullets. Do you know that the average word in the English Bible, including even the proper names, is composed of less than five letters? Leave out the proper names and the average word wouldn't have even four letters.

In the beloved 23rd Psalm there are 119 words; 95 are words of one syllable. In

the Sermon on the Mount more than 80 per cent are words of one syllable. In the Ten Commandments, on which are based all the laws of all the world, there are 319 words; 259 are words of one syllable; and only 60 of two and more syllables. In Lincoln's Address at Gettysburg, perhaps the greatest in the world, there are 266 words. Of these, 194 words are of one syllable; 53 of two syllables; and only 19 of three or more syllables.

There is food for thought in these figures. What an improvement in our writers and speakers, if, like Lincoln, they would only give study to the English of the Bible.

BEACH GARAGE MAN ATTENDS FULLERTON MEETING ON MONDAY

HUNTINGTON BEACH.
March 8.—Willis Bennie, manager of the local Ford plant, attended the monthly banquet of the Orange county Ford dealers at the California hotel, Fullerton on Monday evening.

The bids for the new Ford plant to be erected on the corner of Third and Olive streets are about in, and the work on the erection of the building, which will be 100 by 117 feet and cost approximately \$18,000 will be begun within the next few days.

PRAYER MEETING BECOMING POPULAR

HUNTINGTON BEACH, March 8.—More than forty dinner guests Wednesday night proved that the mid-week church day, with its social dinner hour, at the Methodist church is proving a great success. Many members who were accustomed to forget the old fashioned prayer meeting are reported to be attending the dinners and remaining for the short devotional services which follow. The choir, which practices later in the evening, has begun their rehearsals on Easter music.

ENGINEER'S WIFE WINNER AT BRIDGE

HUNTINGTON BEACH, March 8.—The honors for high score of the "Original" Bridge club went this time to Mrs. Louis F. Gates, wife of the city engineer at the regular bi-monthly luncheon held at the home of Mrs. H. V. Anderson, 2108 Ocean avenue, Tuesday afternoon. Mrs. Gates took home a bottle of perfume as a token of her success.

The guests for the afternoon were Mesdames H. T. Dunning, Joseph Vavra, George Miles, Willis Bennie, W. J. Ellory, J. A. Johnson, A. M. O'Brien, L. A. Wanliss, C. E. Miller, W. R. Anderson, Louis F. Gates, and the hostess.

**BEACH PEOPLE VISIT
LOS ANGELES OFTEN**

HUNTINGTON BEACH, March 18.—Dancing and violin lessons, shopping and friends, call many beach folk to Los Angeles every week end. Among those who may be seen on the cars sometime on Saturday or Sunday as they were last week are the following women: Mrs. L. A. Wablis and daughter Dawn, 230 Crest street; Mrs. A. Onson and daughter Nella, 1330 Ocean avenue; Mrs. F. Riley and daughter, Reba; Mrs. Chris Strong and daughter, Horace, 833

MOTOR TO SAN DIEGO.

EVENING SALUTATION

Children are God's apostles, day by day sent forth to preach of love and hope and peace.

—Lowell.

PROTECT OUR CHECKS

Officers of the Santa Ana Merchants and Manufacturers' association are performing a public service in urging merchants not to cash checks unless the one offering the check is properly and positively identified. The association takes the view that since a large proportion of Santa Ana's business is done by check, the principal vehicle of business ought to be given every possible protection.

It might be pointed out that habitual check-kickers soon find out which cities are "easy marks" for their line of operations. The merchant who takes in a bad check makes it all the more likely that other bad checks will be offered him and his fellow merchants.

It is a well known fact among merchants that in nearly every instance in which a bad check is taken the merchant is not entirely satisfied with the transaction when it occurs. He has a vague feeling that something is not quite right, yet, instead of following his "hunch," he takes a chance rather than offend someone who might prove to be a regular customer.

When a merchant accepts a check there ought to be no reason for vague suspicion. Identification ought to be so certain that there could be no doubt as to the safety of the transaction.

No customer should take offense at a requirement for identification. Banks, post offices and express companies take no chances when identification is not satisfactory. Why, in the name of common sense, should a merchant? Why should any right-minded customer object to identifying himself at a store any more than he would be at a bank, and why should he expect a merchant to accept a check when a bank would not accept it under similar circumstances?

The Santa Ana association has appealed to State Senator Walter Eden and Assemblyman C. D. Ball to support a measure tightening up some of the loose points in the statute making it unlawful to issue what is known as an "insufficient fund check."

Anything that can be done to protect our check system is worthy of consideration and particular attention at Sacramento, as well as by local authorities.

Observation of the relics discovered in King Tut's tomb reveals the fact that a clerk or a plumber nowadays can sleep in a more comfortable bed and ride in a better chariot than kings could in olden times. King Tut would probably have given the price of a pyramid for a spring, mattress and a flivver.

France isn't getting much reparation in a material way, but very likely it is worth about a billion francs a day just to sit on Germany.

PROUD OF CITY MANAGER PLAN

In a full-page advertisement of Alhambra, in the Los Angeles Times, the City Manager form of government is cited as one of the chief attractions and advantages of Alhambra. It is prominently and proudly set forth that

"Alhambra was one of the first cities in the United States to adopt the commission-manager form of government, which with the elimination of political waste now costs each citizen only \$10.79 a year, less than he pays for cigars and cigarettes, according to Internal Revenue figures. City tax rates range from \$1.39 to \$1.53, and the per capita bonded indebtedness that is supported by municipal taxation is only \$25.80 or 2.6 per cent of the assessed valuation. Since the establishment of the budget system in 1916 the per capita cost of government has been reduced 47½ per cent on a fixed dollar value basis."

"Can a man honestly earn \$1,000,000 a year?" asks a business reviewer. Well, generally speaking, any man you happen to ask could do it, if he had a chance.

BABY-SAVING GROWING

Five cities in New York state established exceptionally low infant mortality records in 1922. Pride in that fact is justifiable, especially as the record is accompanied by practical work in the same direction throughout the state.

New Rochelle leads the list. That city has reduced its infant death rate exactly 50 per cent in five years, bringing it from 96 deaths per 1,000 births in 1918 to 48 in 1922. A still better report is the objective for 1923.

Here is the explanation as offered by a health official. "An alert community, intent on providing the best possible modern scientific care for its mothers and babies, an up-to-date, full-time health officer who is aided by active voluntary organizations which carry on excellent educational work through child welfare stations and in other ways." It might be mentioned also that pure milk is a hobby in the Empire State.

There may be other states which can show even a better record than that of New York, but the example shows what can be accomplished when intelligent communities put their minds on saving babies.

Sweet are the uses of archaeology. Thus it is evident that from the Pharaoh recently dug up in Egypt we derive the significant words, "tut-tut" and "amen."

THE IMPORTANT BRAKE

An engineering expert states that 11,000 automobile fatalities might be avoided this year by correcting defects in brakes. He estimates further that three-fourths as many fatalities could be prevented by greater care in the use of brakes as they are. He quotes the accumulated evidence of years as proving that "worn brakes and brakes improperly applied are by far the greatest cause of automobile accidents."

While admitting that there is room for improvement in the construction of braking devices, this authority feels that there is greater need for better care and understanding of apparatus now in use. Here are some of his recommendations along this line:

"Drivers should see to it that brakes are adjusted every month, that they operate equally on both rear wheels and that the lining is in good condition. Both brakes should be tested regularly before starting, and

drivers should try them out under all possible conditions to ascertain how quickly and safely a stop may be made. Then, in service, a liberal margin of safety should be allowed."

These suggestions are worthy of consideration by all who operate motor cars. Civic authorities also, charged with the traffic problem, would do well to consider this important feature of automobile operation, as well as rate of speed, observance of signals and other matters more commonly stressed but apparently less directly responsible for accident.

The man who invented the device enabling motorists to listen to radio while riding has removed another reason for staying at home.

Grade "C" or Better

Fresno Republican.

The proposal of the University of Chicago to become a purely "high brow" institution will have the approval of University authorities everywhere, at least as an experiment. There will be plenty to doubt its success. But they will be at least glad that some other institution is to make the trial.

In general, colleges have been conducted as a "life," rather than as a "business." The purpose of this life has been scholarship and vocational fitness, to be sure. But it has been held that life must be all round. So a university life permits and encourages athletics for its physical stimulus and social life for its mental stimulus.

The announcement from the University of Chicago indicates that institutional support to athletics is to be entirely withdrawn, and that social life will be tolerated only to the extent that it does not interfere with the ideals of study that the faculty establishes. And this ideal will be raised sufficiently high to cut the attendance down to one third.

Here of course is the real incentive, that of reducing attendance. The cost of giving a university life to all who attend under present restrictions is too great for university finances to cope with. Therefore the cry is, right or wrong, for standards prohibitive of the laggard, the slothful and all but the mentally expert.

It is an experiment, the test of which will be scholarly and vocational output. If Chicago, by denying social and athletic life, can continue to produce graduates of acceptable ability, she will have proved that much of the money that is now being spent by students and parents and university treasuries is needless.

In the meantime, many will be skeptical. There is an old adage "All work and no play makes Jack a dull boy." Why this extreme, except for purposes of saving money? And is this the best way to save it?

The seriousness of the Chicago proposal is somewhat softened by the statement of the new standard that must be maintained. An average of at least "C," or what some credit systems would call a "third section," ought not to be difficult to attain by any self-respecting student body, even with athletics and other amusements.

California's Redwoods

San Francisco Chronicle.

As a result of investigations carried on during the last year by Major David T. Mason, forestry engineer, California redwoods are to have the distinction of leading the way in the first important perpetual lumbering project on the Pacific Coast and the most extensive thus far undertaken in the United States. According to an article in the current issue of the American Review of Reviews virtually all of the larger redwood lumber companies of the State definitely have determined upon adoption of a policy of permanent forest management. This, of course, means that the redwoods are certain to be saved commercially.

As forest areas go the redwood region of California is limited. Just a strip along the coast from San Francisco to the Oregon line, comprising approximately 1,360,000 acres in all. It is estimated that the redwood forests contain a reserve of perhaps 600,000,000 feet of timber, as against a present cutting rate of less than 600,000,000 feet a year, which indicates that redwood has a margin of a century for reforestation to get into full swing. Aside from interest engendered by determination of the lumber interests with respect to reforestation, many individuals and organizations have presented to the State of California great redwood groves which are preserved as parks. An effort also is being made to induce the Federal Government to purchase several thousand acres for a national park.

Groves of these great trees, which were old when the Pyramids were built, will continue to delight the eye and stir the wonder and awe of the nature lover, while the forests as a whole will perpetually yield lumber and other wood products for the uses of civilization.

Governmental Reforms

El Centro Press.

The legislative branch of government usually gets most of the knocks, but generally speaking, the executive branch, in its departmental work, usually shows more inefficiency. There is hopeful talk now of reform in that quarter.

Administrative departments naturally tend to fossilize. Bureaus are developed for all kinds of duties, and that brings bureaucracy—a sort of mechanical system with clumsy and over-developed machinery, futile routine, activities interfering with each other, duplications and all-round awkwardness and wastefulness.

This is partly the result of natural growth in the departments and natural resistance of routine minds to new methods, but it is largely the fault of congress, which creates the departments and prescribes their duties.

Congress now has in its hands a sweeping plan for reorganization of the executive departments, submitted by the president. The most important changes suggested are the consolidation of the war and navy departments in one department of defense, with under-secretaries for navy and war; the enlargement of the postoffice department into a department of communication, with authority over mails, telephones, telegraphs and radio; and the creation of a new department of education and welfare, with an assistant secretary for public health. There would be also many minor consolidations and transfers of bureaus and subdivisions.

Nearly all of the proposed changes seem progressive and businesslike in character, and calculated to increase the efficiency of administration and save money at the same time. The plan calls for careful study, and cannot be acted on at once. Action, however, will be expected from the next congress. There ought to be such a shake-up at least once in half a century.

Irrigation Development

Long Beach Press.

Development of arid lands in California and other states of the West and Southwest is proceeding. The desert areas rapidly are being converted into fruitful fields and orchards. When the story of this evolution of the desert shall have been written, it will be of fascinating interest. There will be a time when this whole imperial region will be immensely productive, sustaining a prosperous population and many millions.

In contemplating the future of this section, this realization that tremendous development is in prospect should enhearten all, and sustain optimism as to the future of California and the Southwest. Soil yields in this section run into the hundreds of millions annually. The sum total will increase as reclamation conquers the desert and as intensified agriculture and horticulture are developed.

Birds of a Feather

Education For Peace

The conference arranged by the National Education Association to meet in San Francisco next July may prove to be the most important peace conference ever held.

Other peace gathering have been usually of diplomats and politicians. This is to be a gathering of educators. Attendance is already assured from fifty nations, with 1,000 delegates representing more than 400,000,000 school children. With those delegates will sit 1,000 exchange professors of this and other countries acting as interpreters.

In such a conference there is more hope than in any merely political assemblage. Governments may make treaties and break them. Peace treaties never go as far as they might, and are almost always broken sooner or later, because of the lack of public support in the contracting countries.

The war idea dies hard; the peace idea grows slowly. The way to kill the one and bring the other to fulfillment is by means of education.

If there is to be any peace on earth, it is to be accomplished not by the grown-up men and women of today, but by those 400,000,000 children now in school, and by their children and grandchildren.

Through wise teaching, a civilization may be developed that is capable of subduing its destructive passions, seeing the common interest of nations and races and getting them to work together.

If the educators can frame a systematic program of world education for peaceful, constructive, progressive human effort, and persuade their countries to adopt it, there will be the beginning of a new epoch in human affairs.

Worth While Verse

THE FAILURE

Did we but stand alone in that man's place,
Had we but trod the path whereon he fell,
Had known the cares of life that line his face
And dim his eyes and darken soul as well,
Perhaps then we would wish for caverns deep,
That we might pass within to silent sleep.

If we had seen what snares beset his way,
What dreams of youth had into darkness passed,
Had felt the tempter's lure, our reason sway
Or seen life's dearest hopes caught in the blast,
Might we not then, with weakness, sin and fall,
And pray that darkness come and cover all?

Much better, with kind words, we light his way.
For budded in that soul perhaps may be
Thoughts that will blossom into life one day.
And fill some lonely heart with melody.
Let's not, with mocking sneers, his hopes appall.
Perchance we too along life's way may fall.

—By W. H. Gilliland.

Time to Smile

INSULTING ONE'S INTELLIGENCE.

The blank-faced individual was wandering about the art gallery. Finally he turned away from the Venus de Milo and said sadly: "The fellow that put up that sign must 'a' thought people comin' in here didn't have no sense at all."

"What do you mean?" asked the person addressed.

"Puttin' up that sign, 'Hands Off,' on a stone woman without no arms! Anybody could see they're off!"

A MEASURE OF DIGNITY.

Mother—George, what would you do if another boy called you a story teller?

George (age 6)—To my face?

"Yes."

"About how big a boy?"

QUICK TO ANSWER.

There was a merry party in Mr. Smith's suite. A good time was being had by all. Presently there came a knock at the door, and Mr. Brown's servant appeared.

"Beg pardon, sir," said the servant, "but Mr. Brown says will you make less noise, as he can't read."

"That's interesting," said Mr. Smith. "You tell Mr. Brown I'm sorry he can't read; I could read when I was 6 years old."

PRACTICE MAKES PERFECT.

A traveler looking for a hotel spied a boy lying on a bale of cotton. Upon inquiring for the Grand hotel there came a slow, drawing answer, with a roll of the eyes in a certain direction, "Ovah theah."

Exasperated at this showing of indolence, he said, "Boy, if you can act any lazier I will give you 50 cents."

And in answer came the same drawl, "Put it in my pocket."

Little Bennys

Note Book

By Lee Pope

I had a little cut on my thumb and I tied it all up to make it look important and went around to Mary Watkins' house and she was setting on her front steps, saying, O my goodness Benny, what did you do to your thumb?

O nothing much, I nearly cut the top off, I don't mind it, it don't bother me any, do you want me to take the bandage off and leave you see it? I sed, and she sed, O don't you dare, I'll run in the house, my goodness but you're brave.

I should say I am, I bet there ain't many braver than wat I am, I bet Puds Sinkins ain't, anyhow, I bet if he nearly got the top cut off of his finger I bet it would bother him all rite, I bet, I sed, And wats more I wouldn't care if 2 fire engine horses ran away with me, I'd jest pull on the reins and yell at them and hit them with the whip till they saw who was boss and stopped, I sed.

Izzent that wonderfull, Mary Watkins sed, and I sed, And wats more it wouldn't make any differents to me if a robber pointed a revolver at me and sed, Money or your life, I'd jest say, Hay, wats that in back of you, and wen he turned around to look I'd start to run away so crooked he couldn't shoot strate enuff to hit me and then I'd come back with a pleeceeman and have him arrested, I sed.

Which jest then a farse looking bull dog started to come running up barking and Mary Watkins got scared as anything and ran in the house saying, O he's mad, he's mad, and I quick climbed up on the parlor window sill and some man started to go past with a whip in his hand proving he belonged to the dog, me saying, Hay, mister, is that dog mad?

Mad? I should say not, he was never happier in his life, the man sed, And I quick climbed down and sat on the steps agen as if that was wate I'd always bin, and after a wile Mary Watkins came out agen saying, Was he mad, didn't he bite you?

Sure he was mad, but wat did I car, I jest looked him in the eye and he didn't dast do a thing to me, I sed, and Mary Watkins sat down agen looking at me as if she thawt I was grate and I kepp on setting there feeling as if I thawt the same thing.

IN THE LONG AGO

From the Register Files

MARCH 8, 1909.

N. M. Holderman, Tustin, is recovering from a serious attack of blood poisoning. Infection set in in a wound caused by a harrow tooth. For a time it was feared he would lose an arm.

Former residents of Long Island, Kan., met at the home of Mrs. C. C. Cozad.

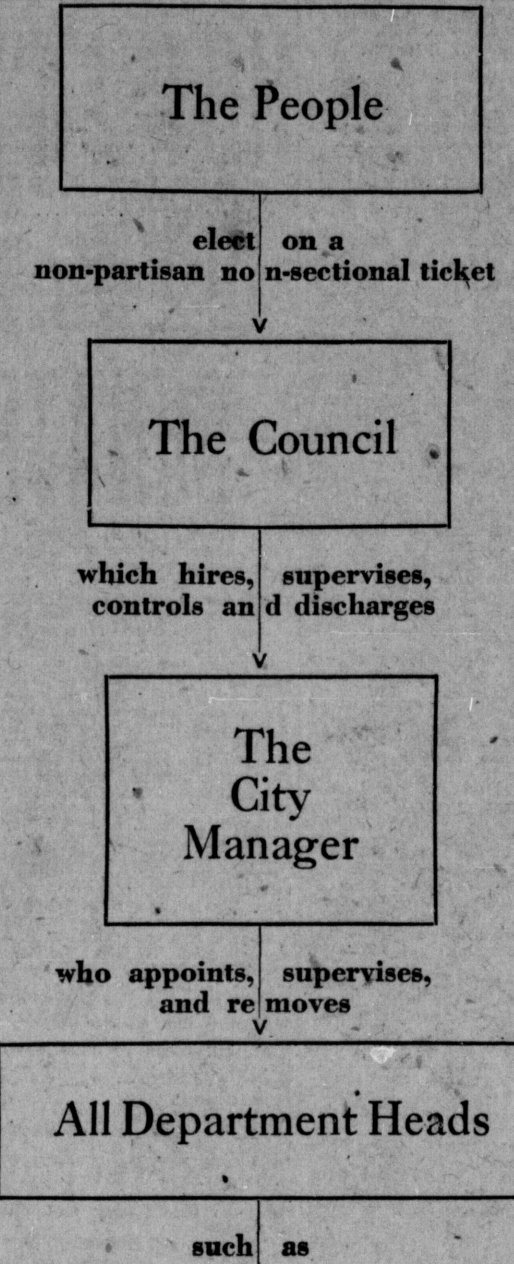

Articles of incorporation of the Santa Ana Dairy Farm were filed today. Incorporators are J. T. Raitt, H. J. Forgy, C. R. Ward, W. L. Miller, Robert McFadden, S. Hill and A. C. Bowers.

There is a spanking awaiting certain high school students if they can be located as the result of the fact that the numerals, '08B' appeared in paint on sidewalks and sheds at the high school.

The City-Manager Plan in A Nut Shell

This System Secures Services of Ablest Citizens, Promotes Efficiency, Encourages Economy, Centralizes Authority and Fixes Responsibility.

The chart below illustrates in a general way the manager system of city government. Appointees of department heads are in the direct line of responsibility to the people. The manager plan emphasizes authority and responsibility.

N. B.—In addition to the Mayor and Council, The People elect the Clerk, Police Judge, Treasurer and Board of Education.

Telephone Tips

A few simple suggestions whereby the subscriber can help to secure the perfect service which is his own and the company's dream, are here given:

The most important point is posture. Speak straight into the phone with the lips about an inch from the receiver. Every added inch of distance is equivalent to lengthening the line of communication by 120 miles. Clear enunciation is the next point. If a

Then said the Lord, Desist thou well to be angry?—Jon. 4:4.

Adventures of the Twins

The Mixed-Up Ostrich

By Olive Roberts Barton

The mix-up automobile that flew with wings instead of rolling on wheels, spoke to the Twins. "I certainly," said Nancy, scrambling out and climbing down the tree, with Nick after her.

"And I'm sorry I was impolite," called the auto, "but really my disposition has got as mixed up as my wheels. Goodby!"

"Goodby!" called the Twins, running away. Pretty soon they saw the ostrich, and he was rolling around on red wheels just as the auto had said. When he heard where his wings were, he sidled half way round, he was so vexed.

"Till bet you that when I get them back they'll be ruined!" he cried. "That silly automobile will be having them oiled, and no of agrees with ostrich wings but ostrich oil. I carry a can of it in my tail."

"If we get Mix-Up Land put to rights soon, you'll have your wings back," called Nancy as they skipped away.
